The Indiana Soils / Prime Farmland Team was organized to develop and provide recommendations that ensure the protection, restoration, and management of soil resources affected by coal mining in Indiana.

The Team Goal is to promote coordination among the various government agencies, and other entities, concerned with the maintenance of prime farmland and cropland capable resources.

Team Members consist of representatives of:

- IDNR - Division of Reclamation
- Indiana Farm Bureau
- Indiana State Dept of Agriculture
- Local Producers
- Office of Surface Mining
- Peabody Energy
- Purdue Extension
- Soil Tech, Inc.
- Solar Sources
- USDA - NRCS
- University of Illinois
- Vigo Coal Company

Prime Farmlands Field Day hosted by Peabody Energy
