SURFACE MINING SOILS & RECLAMATION FIELD DAY

THURSDAY, JUNE 27, 2013

SOLAR SOURCES, INC
SHAMROCK MINE
IRELAND, INDIANA

Hosted by the

INDIANA PRIME FARMLAND TEAM

Join us and make plans to attend this very informative event geared to helping producers get the most out of their reclaimed mine land. Included in the day's agenda is a Panel Discussion. This panel is for encouragement of interaction among presenters and attendees in order to find answers to questions old & new, solutions for problems old & new and to pose new questions too!

If you need further information about the field day please contact Bob Jones with the Indiana Division of Reclamation at 812-665-2207 or George Boyles, Solar Sources, Inc at 812-354-8776; e-mail: george@solarsources.com

Please send registrations to:

**Pike County SWCD
Mine Reclamation Workshop
2101 E Main Street
Petersburg, IN 47567**

Please contact Jamie Williams with Solar Sources @ 812-354-8776 if you have special dietary or disability needs.

Map & Directions

Watch for signs at key intersections

From the East: Drive 2.85 miles west of Ireland to intersection of SR-56 and Co Rd 750 W. Go north on 750 W approximately 0.9 miles to mine entrance. As you leave the county road switch to a left-hand driving pattern. Go up the hill and bear left onto a newly constructed service road to the meeting site.

From the West: Drive 2.63 miles east of intersection SR-257 & SR-56 to intersection of SR-56 and Co Rd 750 W. Go north on 750 W approximately 0.9 miles to mine entrance. As you leave the county road switch to a left-hand driving pattern. Go up the hill and bear left onto a newly constructed service road to the meeting site.
