RECYCLE
Fluorescent lamps can be a hazard to your health and the environment. Thank you.

Printed on Recycled Paper

Please carry out all trash you produce in order to keep your park clean and beautiful for others to enjoy.

*No camping or fires in designated wildlife refuges or wildlife management units.
LOCATION
Salamonie Lake is located in Huntington and Wabash counties in northeastern Indiana on the Salamonie River. Accessible from the following routes: State Road 524 on the west, U.S. 24 on the north, Interstate 69 on the east, and S.R. 124 on the south. S.R. 9 and S.R. 105 also cross the property north/south.

PURPOSE
As the second largest reservoir of the Upper Wabash Reservoirs, the U.S. Army Corps of Engineers regulates the water level and operates the seven dams to control flood control. The DNR manages the multiple-use recreation and wildlife areas. The lake, along with Mississinewa to the west, and J. Edward Roussh to the east, serves to reduce flood stages downstream. The three dams have saved millions of dollars in flood damages.

PARTNERSHIPS
The Corps of Engineers has developed a partnership in the management of the public land at Salamsonie Lake. Under a lease agreement, the Indiana Department of Natural Resources operates and maintains the recreation facilities and wildlife areas at the lake, except the areas noted on the map.

 Lodging
Local lodging is available if you do not want to camp.
