Control by USGS and NOS/NOAA
Topography by planetable survey 1937. Revised 1963
Polyconic projection. 10,000-foot grids based on Indiana coordinate system, east zone, and Kentucky coordinate system, north zone. 1000-meter Universal Transverse Mercator grid ticks, zone 16, shown in blue. 1927 North American Datum. To place on the predicted North American Datum 1983 move the projection lines 3 meters south and 3 meters west as shown by dashed corner ticks
The state boundary as shown represents the approximate position of the low waterline as determined from U. S. Corps of Engineers Ohio river charts, surveyed 1911-1912, and supplementary information
Dotted land lines established by private subdivision of the Clark Military Grant
There may be private inholdings within the boundaries of the National or State reservations shown on this map
