

Corporation Number/Name	Justification for why the corporation anticipates exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year (select one)	Explanation/reasoning
6825Randolph Central School Corp	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	
8385Richmond Community Schools	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	
2825Madison-Grant United School Corp	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	We have a smaller percentage of students currently having the alternative assessment in their IEP than we did in 2020-2021.
4000Southwestern-Jefferson Co Con	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate Assessment below)	The intense intervention program currently has three students enrolled who are out of district and impacting this percentage. Parents have made the choice to send their students to Southwestern due to the quality programming offered at Southwestern for intense intervention students.
8130Warrick County School Corp	Other: Corporation to provide brief justification of variables not covered in the previous options (provide justification below)	Corporation reviews and utilizes the participation criteria during the meetings to ensure appropriate students are participating in the Alternate Assessment. This participation rate falls just above the 1% mark, but is felt to be appropriate in meeting our student's needs.
9040Avondale Meadows Middle School	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	Avondale Meadows Middle School has an overall population of 154. There are currently 3 students in the building who have an IEP that places them on the IAM track.
9935Vision Academy	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	Vision Academy has an overall population of 398, with only 248 students taking ILEARN. There are currently 4 students in the building who have an IEP that places them on the IAM track.
9645Avondale Meadows Academy	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	Avondale Meadows Academy has an overall population of 315, with only 152 students taking ILEARN. There are currently 2 students in the building who have an IEP that places them on the IAM track.
1970Muncie Community Schools	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments versus transfers or placements.)	On our December 1, 2021, count we have 7 students who are eligible under Multiple Disabilities (one of which must be a severe intellectual disability) and 6 students who are eligible under severe intellectual disabilities. This is 13 students out of 1126 total students who are eligible. That is 1.15% of our students and does not take into account the students with ASD or TBI who are also severely impaired. We are the fiscal LEA of our seven district cooperative and many students in our county enroll with us as transfers to gain access to our programming or they are IEP placed here by the cooperative districts. We also have partnerships with ABA centers in the community (Behavior Associates of Indiana, Engaging Minds, ABC).
4215Edinburgh Community School Corp	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate Assessment below)	ECSC has a small overall population of students with approximately 380 students in grades 3-8. We anticipated have 4 students taking alternative assessment which would put the corporation over the 1% cap. We also do have a community with a large number of families with students with significant disabilities.
4525Westview School Corporation	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	Students from Lakeland School Corporation and Prairie Heights School Corporation because we house the Applied Skills program for LaGrange County. In addition, we have a large Amish population with various genetic disorders.

4690Gary Community School Corp	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	Gary Community School corporation 4690 is requesting a waiver for the 1% cap for IAM participation for the Alternate Assessment 2021-2022. Our schools and community have a large number of families of students with significant cognitive disabilities. Currently, we have 96 alternate assessment students. We have various programs servicing these students on a 1 on 1 basis.
8515North White School Corp	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	We are a small corporation located in a area where there is higher concentration for students with special needs. Therefor a few students can impact our 1 percent.
8355Western Wayne Schools	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	Based on our overall enrollment of 745 students K-12 it is very difficult for us to achieve this 1% cap as this would only allow us to have roughly 3.92 students based on our total number of students testing during the 21-22 SY. We
4710School City of Hammond	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments versus transfers or placements.)	School City of Hammond students participating in the alternate assessment have significant intellectual disabilities. School City of Hammond has a community that draws many families with students with significant intellectual disabilities to the area. Due to School City of Hammond's open enrollment, students come from all over the lake county area to attend our school corporation. School City of Hammond is in a transient area. Students constantly enroll and withdraw from our corporation due to being located on the state border between Indiana and Illinois. Special Education teachers, General Education teachers, Building Administrators, Corporation/Building Test Coordinators, Special Education Directors/Assistant Directors/Coordinators, and School Psychologist have all reviewed required DOE documents (flowchart, video, faq, guidance, in the alternate assessment, disproportionality data) and
4590River Forest Community Sch Corp	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	1645 overall population which meets the definition of a small school district per the RDA guidance.
4730School City of Hobart	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	The School City of Hobart is very close to the required percentage.
4720School Town of Highland	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	
4590River Forest Community Sch Corp	Other: Corporation to provide brief justification of variables not covered in the previous options (provide justification below)	River Forest is a small school corporation. It is over 55% minority and low socio economic status. Research indicates that children in these type of households are often not exposed to a variety of language and experiences. Because of this, there is significant number of students who function in the lower range of cognition. The district does follow the criteria set forth by the state when making determinations for a student taking the alternative assessment.
4650Lake Ridge New Tech Schools	Other: Corporation to provide brief justification of variables not covered in the previous options (provide justification below)	The total student population is 1582 which fits the definition of a small school district per the RDA guidance. Along with being small, the district is also over 90% free and reduced lunch. Research supports that children from low socioeconomic households are often impacted in learning. All students taking the alternative assessment fit the
4600Merrillville Community School Corp	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	district has an unusually large number of foster homes, foster students and group homes.
4600Merrillville Community School Corp	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	Merrillville has an exceptionally large number of foster children, in foster care and group homes.
5900Monroe-Gregg School District	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	We have fewer students in the IAM testing grade levels this year. Last year, we had a large group of 10th grade students taking IAM that have now moved on.

4325South Knox School Corp	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	
4315North Knox School Corp	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	
4335Vincennes Community School Corp	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	Vincennes is the hub for the drug treatment and mental health treatment for Good Samaritan Hospital and the counties that they serve. We are a very poverty dense area that seems to impact the prenatal care of our families.
8360Centerville-Abington Com Schs	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	Centerville has a small number of student participating in the IAM Science assessment which is the only subject with above 1%
9325Options Charter Schools	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	Option is a small school, and we house a separate day school program for students on the Spectrum.
2395Fayette County School Corporation	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	The school corporation has a large programs to serve students with moderate to severe needs as well as generational factors that contribute to the overall numbers.
2950Linton-Stockton School Corporation	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	
7645Northeast School Corp	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate Assessment below)	ADM: 767 ELA: 2.34% Mathematics: 2.59% Science: 2.23%
2980White River Valley School District	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	
3500Kokomo School Corporation	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	We have 5 ABA centers in our boundaries. Parents have, through school choice, enrolled their students in our district. Some students spend part of their day in the center.
7515North Judson-San Pierre Sch Corp	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	We average around 940 students grades K-12. 230 are eligible for special education services. We do our best to meet the 1%, however, this year we were 1.01% and make individual decisions based on student needs.
6055Central Noble Com School Corp	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	
7715Southwest School Corporation	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	
6820Monroe Central School Corp	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	Life Skills program is utilized to support students and is close enough to a bigger city that students are transferred into MC. 9 students took Alt Assessment, 4 are from out of district.

4660Crown Point Community School Corp	Other: Corporation to provide brief justification of variables not covered in the previous options (provide justification below)	Crown Point Community School Corporation's enrollment continues to grow and our special education population has increased by 9.8% in the past two years. With that growth, we have experienced more students identified with significant disabilities beginning at the preschool level. We have also enrolled several move-in students with significant disabilities and some have required residential and day treatment schools.
5300M S D Decatur Township	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year (explain reasoning below)	Trainings, discussions, and opportunities for questions and further clarification have occurred over the past calendar year to understand what the Alternate Assessment is and what it is not, who should be considered, and the criteria that a student must meet to be eligible. Information has also been shared with staff through weekly newsletters and
1895Liberty-Perry Community Sch Corp	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	9 listed as alternate and 3 of those are out of district. This is a Life Skills curriculum and in a district that is supportive of the students. They come to this district from a larger city district.
6805Randolph Southern School Corp	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	Very few students eligible for the Alternative Assessment. Students eligible anticipated to pass.
4245Greenwood Community Sch Corp	Other: Corporation to provide brief justification of variables not covered in the previous options (provide justification below)	We currently service almost 800 students with IEPs out of 4,000 students. The main reason we do not meet this criteria is that we have a family that has adopted 15 students with severe ID eligibility. In our life skills classrooms the students are fully inclusive in their general education classrooms. The majority of our students take Ilearn. Our life skills teachers are all certified and not teaching on an emergency license. We simply do not meet this criteria due to
6825Randolph Central School Corp	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	6825 is the largest on site corporation in the county. Programs are offered here that not all of the neighboring corporations offer.
1560Sunman-Dearborn Com Sch Corp	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	Case conference committees have used the required questions to appropriately provide the alternate assessment to students who qualify. This will put us just below the 1% for the upcoming Spring testing window.
7365Shelbyville Central Schools	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	SCS has a large number of K-12 students who are in the essential skills/life skill program and take the alternate assessment.
2400New Albany-Floyd Co Con Sch	Other: Corporation to provide brief justification of variables not covered in the previous options (provide justification below)	NAFCS is one of the larger special education planning districts in the State. Parents transfer students to our district for services that cannot be offered in smaller neighboring districts. We have 35 students eligible as moderate cognitive disability, 2 Severe, 32 multiply disables and well over 100 students with autism. We work diligently to keep our assessments under 1% and have reduced the number in the past two years. Currently of the 107 special education students on transfer to NAFCS from neighboring districts, 7 meet the criteria for alternative assessment.
2940Eastern Greene Schools	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate Assessment below)	Overall student population: 1045 ELA: 1.24% Mathematics: 1.42% Science: 0.88%
6820Monroe Central School Corp	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	

5625Oak Hill United School Corp	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate Assessment below)	Oak Hill has a total student population of 1623, of that we have 217 special education students or 13% of our total student population qualifies for special education. Additionally, of our 217 special education students, 29 are taking the I am assessment. This brings our percentage to 1.35% and we would need to take away 8 students to reach the
5470Argos Community Schools	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	Argos has an ADM of only 622 students. We provide education for several districts students in Life Skills classes as the local service corporation. A total of 12 students participated in the alternate assessment.
6340Cannelton City Schools	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	
5075North Lawrence Com Schools	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	Our county supports a pediatric nursing home for students with complex medical needs, physical and intense intellectual needs. The students who are placed in this nursing home come from all over the state. This makes our numbers for alternate assessment higher than 1%.
4945LaPorte Community School Corp	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	We have programs that address the cognitive needs of student academically and also address functional needs. We have a large population of students with significant needs. Our programs offer a path for transition into adult services as well as other programs that address physical and cognitive concerns such as Reins of Life.
8690Dynamic Minds Academy	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	Dynamic Minds Academy is a separate day school program that co-locates with an ABA center. Our students are all on the autism spectrum and receive partial day education and partial day therapy. Therefore we attract a higher percentage of students who are participating in the alternative assessment and our enrollment is also low, causing a much higher percentage than other LEAs.
8425Southern Wells Com Schools	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	Southern Wells will only have one student who will participate in the Alternate Assessment for the 2021-2022 school year, so we are anticipating being well below the 1% cap.
0945Silver Creek School Corporation	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	Our district has a residential facility in it that targets students who have significant disabilities. Currently, the facility enrolls 11 students and 9 of them participate in IAM. They are all out of district students.
5375M S D Wayne Township	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	We continue to have parents move into our district stating that they have heard about our programming for students with significant intellectual and medical needs. We are also extremely close to amazing medical facilities being in the center of Indianapolis.
3480Eastern Howard School Corporation	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	We serve/host a Functional Skills Program through the Kokomo Area Special Education Cooperative.

0945Silver Creek School Corporation	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	We have a small residential facility in our district. It houses students from around the state. This facility only accepts students who have significant disabilities. We are a smaller district, and I think these numbers do affect our score on IAM participation.
0875Logansport Community Sch Corp	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	Logansport Community School Corporation educates the students placed at Camelot Care Center that are school age. Students that reside outside of the state of Indiana count as LCSC students (6 total students). Those within Indiana scores are sent back to the accountability school based on an agreement between both schools (23 total students).
3070Noblesville Schools	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	
2455Southeast Fountain School Corp	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	The educational stakeholders have reviewed the IDOE provided Alternative Assessment materials. Corporation personnel are prepared to appropriately apply the Department's Alternative Assessment Participation guidance via
2440Covington Community School Corp	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	The educational stakeholders have reviewed the IDOE provided Alternative Assessment materials. Corporation personnel are prepared to appropriately apply the Department's Alternative Assessment Participation guidance via
6260Southwest Parke Com Sch Corp	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	The educational stakeholders have reviewed the IDOE provided Alternative Assessment materials. Corporation personnel are prepared to appropriately apply the Department's Alternative Assessment Participation guidance via
6375North Central Parke Comm Schl Corp	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	The educational stakeholders have reviewed the IDOE provided Alternative Assessment materials. Corporation personnel are prepared to appropriately apply the Department's Alternative Assessment Participation guidance via
8010North Vermillion Com Sch Corp	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	The educational stakeholders have reviewed the IDOE provided Alternative Assessment materials. Corporation personnel are prepared to appropriately apply the Department's Alternative Assessment Participation guidance via
8115M S D Warren County	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	The educational stakeholders have reviewed the IDOE provided Alternative Assessment materials. Corporation personnel are prepared to appropriately apply the Department's Alternative Assessment Participation guidance via
2435Attica Consolidated School Corp	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	The educational stakeholders have reviewed the IDOE provided Alternative Assessment materials. Corporation personnel are prepared to appropriately apply the Department's guidance via the case conference process.
7205South Bend Community School Corp	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	Multiple ABA centers, Hannah and Friends, and the Logan Center. Additionally, programming at local universities (Notre Dame, IUSB) attracts families of students with multiple disabilities.
4455Whitko Community School Corp	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	Whitko has a student population of 1,265, with the anticipation that 12 students are going to be taking an alternative assessment.
5385Indianapolis Public Schools	Other: Corporation to provide brief justification of variables not covered in the previous options (provide justification below)	Our team provided training to stakeholders to support the understanding of the alternate assessment and the decision-making process. Our numbers decreased last year from the year prior. We anticipate another drop, but we
1375North Daviess Com Schools	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	1375 is a member of a special education cooperative and has an elementary life skills program that surrounding schools within the coop send students to.

7360Southwestern Con Sch Shelby Co	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	There are 572 students enrolled in the district (Kindergarten through 12). Last school year 5 students participated within the entire corporation.
1315Barr-Reeve Community Schools Inc	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	Due to the small overall student population and the number of students who take the Alternative assessment will not exceed the 1% cap.
1405Washington Community Schools	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	Corporation 1405 is a member of a special education cooperative and provides a life skills program for students who have significant intellectual disabilities for surrounding corporations.
5615Maconaquah School Corp	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments versus transfers or placements.)	Maconaquah School Corporation's community of Bunker Hill, IN and the surrounding area of southern Miami County is consistently an area of the state with the highest unemployment. For this reason, the community has lots of federal subsidized housing and low-income housing throughout the school district. The opportunity for low income housing throughout the corporation draws a large number of families with significant cognitive disabilities. The special education population of Maconaquah is approximately 17.6% of the overall student population. Of those students who are part of the special education sub-group, 12.6% of those students are eligible for services as a student with a mild or moderate cognitive disability. These students function at a level of at least two standard deviations below the mean - making the alternate assessment the best instrument to assess students with those eligibilities.
4445Tippecanoe Valley School Corp	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	
3490Western School Corporation	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	Western is the LEA for the special education cooperative for 7 school corporations. We have a well known Functional Academics Program that attracts families to the corporation. We have an overall enrollment of 2584, with 364 students with a special education eligibility of which 26 participate in alternate assessment. Of the 26 students, 5 of them are non-resident students, living outside the district.
4225Franklin Community School Corp	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	FCS will evaluate all students currently participating in the alternate assessment for appropriateness. All necessary staff will participate in professional development on 12/15/21 regarding alternate assessment participation.
0665Lebanon Community School Corp	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	Staff are aware of the criteria for participation and do not intend to exceed the participation cap, however, each decision is a CCC determination based on meeting criteria and appropriateness for the student.
1820Garrett-Keyser-Butler Com Sch Corp	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	
3295North West Hendricks Schools	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	Staff are aware of the criteria for participation and do not intend to exceed the participation cap, however, each decision is a CCC determination based on meeting criteria and appropriateness for the student.
5855Crawfordsville Community Schools	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	Crawfordsville is the largest corporation in the immediate area and houses a continuum of robust programming options. The population in the county is highly mobile and we have had parents move in or choose to settle here and report it is because of the academic opportunities for their children with significant needs.

1125Clay Community Schools	Other: Corporation to provide brief justification of variables not covered in the previous options (provide justification below)	I have reviewed the our students identified as taking the I AM for Clay Community Schools. The breakdown is as follows: 67% are in our Life/Functional Skills programs and on certificate of completion 01 are receiving support service in their home school adn is a student with a diagnosis of Down Syndrome and has an IQ within the moderate Less than 1% is receiving support in an inclusive mild intellectual disability setting 02 are receiving homebound services and have a moderate to severe intellectual disability I am verifying that teachers administering the I AM have completed the first time TA training. If they have not they are provided the information for the upcoming webinars. They will be required to provide the proof of training certificate upon completion. An appropriately licensed teacher is present at al case conferences when the decision is made to place a student into one of these more restrictive placements and have them take the alternate assessment. We will ensure that the Criteria for Determining Participation in the Alternate Assessment in Lieu of the General Education Assessment (Participation Guidelines) will be reviewed when making the determination of which state mandated testing is be recommended. This information was covered at a training just prior to the start of the 2021-2022 school year. These guidelines will be incorporated into the agenda teachers are expected to follow during case conferences.
1835DeKalb Co Ctl United Sch Dist	Other: Corporation to provide brief justification of variables not covered in the previous options (provide justification below)	We provide/house the applied skills programming for all students who reside in DeKalb County, some of who reside outside of our school district and in normal circumstances, would attend in their home district - not ours.
9880Career Academy High School	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	There is one student that will take IAM this year (currently). There are 91 students in the 10th grade.
9965Career Academy Middle School	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	
9965Career Academy Middle School	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	
7610Hamilton Community Schools	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	367 Students 7 Students
1730Greensburg Community Schools	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	Overall student population in tested grades is 1,041, with 14 students who will participate in the alternate assessment (IAM). This places our percentage at 1.34, which is over the 1% limit. We have a large number of third graders (5) this
9955Mays Community Academy	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	We had one student participate in IAM out of our total student population of 3rd-8th grades.
5360M S D Warren Township	Other: Corporation to provide brief justification of variables not covered in the previous options (provide justification below)	Based on current enrollment at this time, the number of students that meet the criteria for the alternate assessment, I AM, and receive an alternate curriculum based on their educational needs exceeds 1% in the grades tested. Upon review of the data, Warren has decreased from previous years, and is moving closer to the 1% cap.
1655Decatur County Community Schools	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	
7615M S D Steuben County	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	Generally, we only go over by a small amount - our district has a relatively small number of student population and we have a number of placements in. We have fewer than 20 students eligible for alternate testing.
9165Paramount Englewood	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	Our school testing population is under 200 students.

9680Paramount Brookside	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	Our school testing population is under 500 students.
9060Paramount Cottage Home	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	Our school testing population is under 100 students.
8030Vigo County School Corp	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	The Vigo County School Corporation is the largest school district in the surrounding area. We offer programs for education that are not offered in the areas around us. We also have community resources available for families such as the Project Aware grant through the IDOE. We have a total of 13, 515 students. Of the total population 90 students took the IAM assessment.
8020South Vermillion Com Sch Corp	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	South Vermillion Community School Corporation has a total student population of 1,614. Of that population 10 students took the IAM assessment.
3460Taylor Community School Corp	Other: Corporation to provide brief justification of variables not covered in the previous options (provide justification below)	All students participating in the I AM assessment meet criteria set forth in the participation guidance, and no testers fall into the eligibility categories that require additional review for being appropriate. Of the thirteen students participating in I AM, two are out of district transfers that prefer to stay with us for programming. Six have a primary eligibility of autism with cognitive functioning in the moderate/severe range, six have moderate intellectual
5930 Mooresville Con School Corp	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	We have elementary and secondary life skill programming and elementary/secondary programming for students seeking a certificate of completion. Our district has a large percentage of out of district
8445M S D Bluffton-Harrison	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year (explain reasoning below)	We have made good gains at getting this number under 1%. We are diligently reviewing each child's information. Our goal each year is to ensure that the alternate assessment is only chosen for those students for whom it is most appropriate. At each case conference the decision is reviewed for students who have been assigned the Altertnate
3005Hamilton Southeastern Schools	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year (explain reasoning below)	Overall percentage of students participating in Alternate Assessment for the past three years are well under the 1% threshold. 2019 - .78%, 2020 - .64%, 2021 - .66%. Subject breakdown for 2021 is .66% for both English and Math. Science is indicated as 1.06%. Science is test at grades 4 & 6 only.
5740Monroe County Community Sch Corp	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments versus transfers or placements.)	The Bloomington community has a wide variety of program/support opportunities that are available to families (e.g. group homes, ABA clinics, community support providers). These programs/supports are located in or near Bloomington for which families often move to in order to more conveniently access them. MCCSC offers a continuum of special education services. These services include a comprehensive program that specifically addresses the needs of students with more substantial disabilities and needs.
8060Wabash City Schools	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	Vernon Health and Rehabilitation, a nursing home for medically fragile students, is located within the corporation boundaries of Wabash City Schools. 4 of the 13 students taking the I AM assessment in the Spring 2021 administration were residents in this facility. These students are non-educational placements.
1300Crawford County Community Sch Corp	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	
6155Paoli Community School Corp	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	

6510East Porter County School Corp	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	East Porter County School Corp is a catchment area that will not change. This district serves six other districts.
6520Porter Township School Corp	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	Porter Township School Corp is a catchment area that will not change. This district serves one additional corporation.
7525Knox Community School Corp	Other: Corporation to provide brief justification of variables not covered in the previous options (provide justification below)	<p>Knox Community School Corporation 7525</p> <p>According to the RDA report received by the KCSC district on November 18, 2021, Knox Community School Corporation 7525 exceeded the 1% cap participation of students who participated in the I AM assessment in Spring 2021. Our percentage of students participating in the I AM was 1.03%. As a result, the KCSC Curriculum Director/CTC met with all special education teachers, building administrators, STCs, and general education teacher representatives in the district to review the corporation data of all special education testers of I AM.</p> <p>No Knox special education students with orthopedic impairment, language, or speech impairment participated in I AM. Of the students who are scheduled to take the assessment in Spring 2022, more than 50% are from families of low socioeconomic status. Data show that Starke County ranks in the lowest 10% of Indiana counties with families who experience poverty. While poverty is not an excuse for exceeding the participation threshold, it certainly can explain why Knox Schools exceeded the participation rate, which was by only one fraction of a student.</p> <p>The high poverty rate of the children in Starke County also correlates with the low percentage of children ages birth to five who do not receive quality child care or preschool education, another factor that research attributes to the likelihood of special education placement. Our county ranks 3rd lowest in licensed, quality child care slots.</p> <p>Finally, our district provides a comprehensive special education program that includes highly effective teachers for students with significant cognitive disorders.</p> <p>KCSC is committed to serving the needs of all our students. The placement of our students on the alternate assessment, I AM, is made based upon evidence that these students have significant cognitive disabilities that are</p>
9115Kindezi Academy	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	K-6 overall student population= 424 Number of students who participated in alternate assessment= 3
7150John Glenn School Corporation	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	John Glenn School Corporation has an Applied Skills Classroom that is housed at Walkerton Elementary School and shared with another school corporation. There are 11 resident enrolled students that have significant cognitive disabilities and require the Alternative Assessment.
5480Bremen Public Schools	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	

6550Portage Township Schools	Other: Corporation to provide brief justification of variables not covered in the previous options (provide justification below)	Increase in the number of students identified in areas of eligibility that significantly impact their academic and adaptive abilities.
6560Valparaiso Community Schools	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	Valparaiso is a catchment area which will not change. This district serves 2 corporations.
6060East Noble School Corporation	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments versus transfers or placements.)	While East Noble School Corporation is part of the Northeast Indiana Special Education Co-op, we offer services for all disabilities within the district, thus no student is bussed to a neighboring district for programming. This has become a draw form many families who do not want their student bussed for extended amounts of time. In addition, an increased focus on inclusive practices, included unified sports and classroom opportunities, also draw a number of students to the district. We continue to draw in students who have been identified to take the I AM assessment who may not meet the checklist requirements from other district. In order to evaluate the student's need, we are forced
0015Adams Central Community Schools	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	Overall student population= 1335
5330M S D Lawrence Township	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	We will review required training with all staff. Alternate assessment data will be reviewed throughout the school year for the purposes of accountability in following
8625Smith-Green Community Schools	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	Smith Green Community Schools is an area hub for special education programming including functional skills and emotional disabilities. With a smaller population of overall students, our cognitive disability students may exceed 1%
5470Argos Community Schools	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	We are a small rural school with a higher percentage of students k-12 participating in the Applied Skills program. They are in need of the alternate assessment as the standard assessments are not at their level.
4670School City of East Chicago	Other: Corporation to provide brief justification of variables not covered in the previous options (provide justification below)	<ol style="list-style-type: none"> 1. School City of East Chicago has a large foster care residential facility located in our district. (Carmelite Home for Children.) Many of the students placed in this facility are from various parts of Indiana. Students placed at the Carmelite Home for Children, have many diverse challenges, including special education and mental health needs. Many of these children are students with the most significant cognitive disabilities. At any given time, there are over 100 plus students placed in this residential facility. 2. Our district has a high mobility rate. This school year alone, we had a large number of students with significant disabilities move into our district. We have incurred a 12% increase of students with cognitive disabilities that moved into our district at the start of the 2021-2022 school year. Our students move in and out of our district throughout the school year. 3. The School City of East Chicago is an open district. This means we allow students from neighboring school systems to attend our schools and avail themselves of our services, especially those that pertain to Special Education and disabilities. We have a number of students that attend our schools and are placed in our Applied Skills Program due to their prior school's eligibility determination.

7215Union-North United School Corp	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	Our school corporation has a functional skills classroom as well as an alternate avenue that serves students whose cognitive and adaptive abilities require more intense services than being in the general education setting but don't quite need the functional skills classroom. This brings in a large number of out of district transfers. We currently have 9 students who are out of district transfers who take the alternate assessment.
5520Shoals Community School Corp	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate Assessment below)	Currently 4 students with IEPs will take the alternate assessment during the 21-22 school year. Current total enrollment for the corporation is 619.
5085Mitchell Community Schools	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate Assessment below)	Currently 14 students with IEPs will take the alternate assessment during the 21-22 school year. Current total enrollment is 1492.
6715North Putnam Community Schools	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate Assessment below)	Total enrollment is 1296 12 students took alternate assessment
5635Peru Community Schools	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate Assessment below)	PCS has 1932 students enrolled K-12, and assessed 13 students with I AM.
1875Delaware Community School Corp	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	Delaware Community Schools does not anticipate exceeding the 1% cap. We exceeded the 1% for Science only last year. We had a large number of students taking IAM in grades where science was assessed.
3335Mill Creek Community Sch Corp	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate Assessment below)	1514 We house our own LS program K-12 in lieu of transporting our students into ONT Co-op schools. This in turn impacts our overall LS students who participate in I AM.
3055Sheridan Community Schools	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate Assessment below)	The total student enrollment for Sheridan Community Schools is 1,040 students, and approximately 20% are students with disabilities (Special Education). Student participation in the Alternate Assessment is anticipated to be at or below 0.92% of students for the 2021-2022 school year.
3995Madison Consolidated Schools	Corporation does not anticipate exceeding the 1 Percent Cap on Participation in the Alternate Assessment for the 2021-2022 school year	
6750Cloverdale Community Schools	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	This school corporation houses life skills programs PK through 12+ for students within the five corporations within the Old National Trail Special Services area. Additionally, Cloverdale Community Schools is itself a very small school corporation. Combined, these two pieces provide justification for exceeding the 1% cap set for students participating in the Alternate Assessment.
0035South Adams Schools	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	South Adams Schools has an intense intervention program for students with severe cognitive disabilities. Many of these students come from a population of Amish families with a rare genetic condition.
8045Manchester Community Schools	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate Assessment below)	As of 11-29-2021, the total K-12 Enrollment for MCS is 1419. 7 students participated in the Alternate Assessment during the 20-21 school year.
6195Spencer-Owen Community Schools	Other: Corporation to provide brief justification of variables not covered in the previous options (provide justification below)	S-OCS serves a rural population that has significant needs due to poverty and lack of access to academic/behavioral/emotional/health resources. In addition, S-OCS is going through PD on how students are identified and supported in a self-contained setting. There wasn't a process or procedures in place prior to this year for self-contained cognitive placements.

0235Fort Wayne Community Schools	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	We have the following health systems in our school district: Parkview; Lutheran, Dupont and IU Health systems
4615Lake Central School Corporation	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	Lake Central School Corporation provides educational services to Campagna Academy. Campagna houses a residential program for students with intellectual disabilities, most of whom qualify to participate in the alternate assessment. Enrollment in the program varies, but approximately 10-15 students are in the program at any given time. Given that the district was only over the cap by .16% this program is likely the cause.
2725East Gibson School Corporation	Other: Corporation to provide brief justification of variables not covered in the previous options (provide justification below)	For Students who are taking the alternate assessment, a case conference committee decided and agreed the students need a life skills curriculum, and meet the criteria and are on a non-diploma track.
2765South Gibson School Corporation	Other: Corporation to provide brief justification of variables not covered in the previous options (provide justification below)	For Students who are taking the alternate assessment, a case conference committee decided and agreed the students need a life skills curriculum, and meet the criteria and are on a non-diploma track.
4015Jennings County School Corporation	Other: Corporation to provide brief justification of variables not covered in the previous options (provide justification below)	Our population of students with significant intellectual disabilities is higher than 1%.
2735North Gibson School Corporation	Other: Corporation to provide brief justification of variables not covered in the previous options (provide justification below)	For Students who are taking the alternate assessment, a case conference committee decided and agreed the students need a life skills curriculum, and meet the criteria and are on a non-diploma track.
5525Loogootee Community Sch Corp	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	Due to Loogootee High school having a Life Skills program, neighboring schools bus students to Loogootee High school's program. Out of the 19 students, 7 are bussed in from area school.
3455C A Beard Memorial School Corp	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	CABeard is a very small district. All IEP meetings use IDOE guidelines to ensure that IAM participates are students who meet the criteria.
3445New Castle Community School Corp	Corporation has small overall student population (provide overall student population and the number of students who participated in the Alternate	All students taking IAM have carefully reviewed guidelines for IAM participation and eligibility.
6795Union School Corporation	Corporation has a school, community, or health program that draws a large number of families with students with significant cognitive disabilities to the area (describe or name the program and include supporting evidence below; Examples of supporting evidence include the total number of students participating and the number of students who are resident enrollments	Virtual Program
