An Update From the Indiana Department of Education for December 6, 2024

Indiana Department of Education

Dr. Katie Jenner, Secretary of Education

A Message from Dr. Katie Jenner

Last Wednesday, just before Thanksgiving, I attended an event that I'd never heard of until just a few years ago—the annual "Duck Lunch" (yes, they really do serve duck). I'm told it started over 40 years ago when Jim Morris, an Indiana public servant and legend, invited a few friends together to break bread and share their gratuudes. While 40 years ago, the "Duck Lunch" was just a few friends around a small table, it has continued to grow with each passing year. And, Jim Morris always welcomed more to the table.

Jim was a connector. He spent his life serving others and bringing good people together. It never mattered a person's socio-economic status or political party, he just connected good people with other good people. He wanted to leave this world better than he found it, and he did this with great intention...always bringing people along with him.

So, last week, an event that originated 40 years ago with just a few people now had several hundred community leaders, educators, legislators, preachers, entrepreneurs, philanthropists...all present to break bread, and most importantly, to be thankful for our blessings and the multiplying effect of working together.

Sitting alongside colleagues, friends, and even strangers, I was reminded that we each, in our own sphere of influence, have the opportunity to be a multiplier. I've seen this firsthand traveling the state...where one local change agent...one teacher, coach, or leader lights the spark that leads to the positive impact. My hope is that we will continue to light the spark...to be the change agents...and to be the multipliers that help make our state and the educational opportunities that exist here stronger and better than ever.

It has been an honor to serve with you over the past four years...and I look forward to continuing to work together for Indiana students in 2025 and beyond. Thank you for ALL that you do...let's keep at it!
