Indiana Department of Education

Dr. Katie Jenner, Secretary of Education

A Message from Dr. Katie Jenner

A couple of weeks ago (after a very long, non-stop week), I walked in the door late on a Friday evening and found two pieces of paper on the kitchen counter. As I started picking up and putting away the random assortment of items that often collect on the kitchen counter during the week, I was about to throw away what appeared to be just blank pages. However, when I turned the papers over, I discovered something very special...something that I absolutely needed to see at that moment...a reminder of *why* our work as educators matters so much.

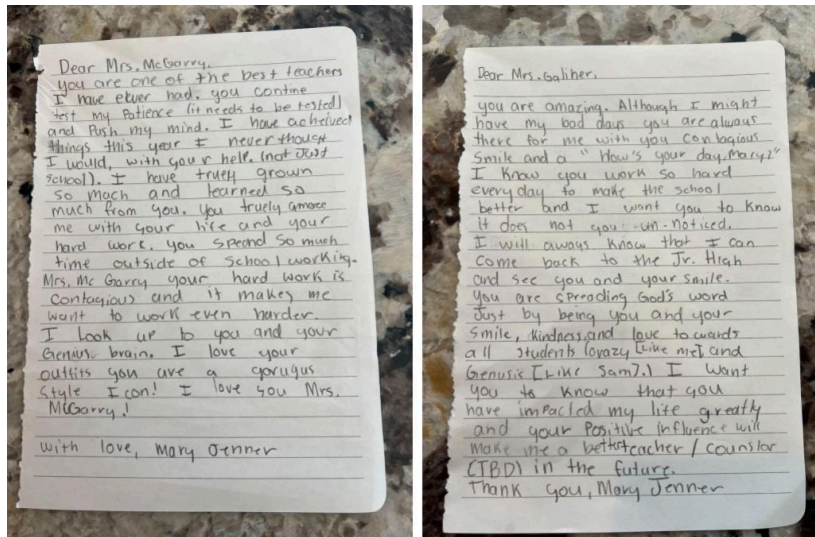

One of my middle school daughters had written two separate notes (totally unprompted and as surprises for two of her favorite people) – one to her English teacher and one to her science teacher. She forgot to give the notes to them that day, which is why they happened to be on the kitchen counter... but honestly, I think it was probably meant to be.

In that moment I needed to read those. I needed to see from the eyes of a student just how much she loved these two people—her teachers. And, by the way, these words were coming from a middle schooler who is full of opinions, a lack of patience (her words, not mine!)...as well as someone full of hopes, doubts, and everything in between. But, she wanted her teachers to know the difference they make.

As educators, we often don't completely realize the positive impact we have made on our students until years later. Please know, you matter...to your community, to our state, and most importantly, to our students. All that you do to teach, support, and love our students is often not communicated enough... whether the letters are left on the kitchen counter or the student just doesn't have a chance to tell you in person, please know that you are making a difference.

With my daughter's permission, I have shared the notes she wrote below, and while I hope you forgive her spelling errors here and there, I also hope this will be a reminder to you of the importance of your work. Thank you for loving our Indiana children—including the ones who voice their appreciation either verbally or written, as well as the ones who you may never hear from but for whom you are actively impacting.

To Mrs. McGarry, Mrs. Galliher, and the thousands of educators across Indiana...you matter. I appreciate you. And, I thank you.

Reminders for the Class of 2024

Armed Services Vocational Aptitude Battery (ASVAB) Graduation Pathway Requirements

Pursuant to Indiana Code (IC) 20-32-4-1.5, the Indiana State Board of Education (SBOE) established the use of the ASVAB to meet graduation pathway requirements. Beginning with the 2025 graduation cohort, HEA 1635 requires students electing to use the ASVAB as a means for meeting graduation pathway requirements to also fill out the [Military Enlistment Intent Form](#). Students graduating in the 2023 and 2024 cohorts who have earned a qualifying ASVAB score, as determined by SBOE, prior to July 1, 2023, will be able to utilize previously earned ASVAB scores without a signed Military Enlistment Intent Form to fulfill their graduation pathway requirements. Learn more [here](#). Contact IDOE's [Student Pathways team](#) with any questions.

Graduation Waiver Caps

As outlined in [Indiana Code \(IC\) 20-26-13-10](#), for purposes of calculating the [2024 graduation rate](#), Indiana schools may not count more than 9% of their graduation cohort as graduating if utilizing postsecondary ready competency waivers. Schools exceeding the 9% cap will receive an adjusted state graduation rate. Postsecondary ready competency graduation waivers will be capped at 6% for the 2025 cohort and 3% for the 2026 cohort and beyond. In December, schools received a letter with their 2023 graduation rates along their post-secondary competency waiver rates. The letter provided a breakdown of how the 9% cap would impact their graduation rate, which should be considered when helping the class of 2024 meet their graduation requirements. Contact IDOE's [Office of Student Pathways and Opportunities](#) with questions regarding postsecondary ready competency qualifications, or [Office of Accountability](#) with questions regarding the calculation of the graduation rate or the cohort report.

UPDATE: Timing of Grant Solicitations in New Grants Management System

IDOE and the State Budget Agency are working to implement the state's new grants management system, eCivis, but when will you begin using eCivis to apply for and manage your grant? A couple quick rules of thumb will answer this question.

- First, generally, you will begin using eCivis to apply for and manage your grants whenever that program's funding cycle begins.
- Second, programs that have already been awarded will not be uploaded to eCivis. These "in flight" programs will be added to eCivis at the beginning of their next funding cycle.
- Finally, grant programs that begin in the next couple of months might not be in eCivis this year. These decisions are being made on a case-by-case basis. At the appropriate time, IDOE will share specifics on which programs will be in eCivis and which will be managed under the old system.

For training materials, technical support, and other information about eCivis, please visit the [Indiana State Budget Agency website](#).

News From Our Partners

NEW FROM THE INDIANA COMMISSION FOR HIGHER EDUCATION (CHE): Free Application for Federal Student Aid (FAFSA) Updates

CHE is currently using [NCAN's FAFSA Tracker](#) to monitor FAFSA data. As of Friday, April 5, 28.0% of the class of 2024 had completed the FAFSA, and of the total 31,624 students who have submitted the FAFSA, 6,710 will need updates and/or corrections. While this represents a 27.9% decrease compared to last year, Indiana ranks first in the nation for closing the gap compared to last year. While CHE will not extend the Monday, April 15, priority deadline, state aid will be awarded to all Hoosiers who filed by Monday, April 15, and qualify based on their FAFSA. After that, CHE will award state aid on a first-come, first-serve basis if funds remain. Schools should continue to encourage students and families to file after Monday, April 15. See [this announcement](#) for additional FAFSA updates. CHE's [Outreach Coordinators](#) are available to assist students, families, and school or community partners with FSA ID creation, FAFSA filing/corrections, and appeals. Hoosier families can also access free FAFSA help through INvestEd by email at outreach@investedindiana.org or phone at 317-715-9007.

NEW FROM THE DISTRESSED UNIT APPEAL BOARD (DUAB): Preparing for Post-ESSER Operating Budgets

School boards and administrators throughout Indiana obligated ESSER funds in a variety of ways. Those who budgeted a portion of ESSER dollars to increased operating costs will experience greater challenges once the temporary funding runs out. It is imperative that school officials evaluate this situation. To assist with this evaluation, additional information and a forecasting tool can be found in [this memo](#) (re-issued from September 2023). While voluntary, school corporations and charter schools are encouraged to develop financial forecasts to project revenues, expenditures, and cash balances beyond the life of ESSER in order to measure your school or district's ESSER cliff and inform current management decisions. Once complete, if the exercise forecasts fiscal problems on the horizon, please contact indicators@duab.in.gov so that we might assist you in navigating through this challenging period.
