

Indiana Curriculum Evaluation Cost Sheet: Early Learning

Standard, not-to-exceed statewide pricing, as established below, will be posted on the IDOE website for curricula that are identified as high-quality through the curriculum evaluation process. IDOE prefers a cost proposal that includes a cost structure based on a per classroom rate. Costs should reflect a not-to-exceed value for early care and education settings to consider as they make adoption decisions. These documents will be posted for early care and education setting awareness. Costs assume a six-year adoption cycle. Respondents should populate all applicable cells shaded in yellow for all age levels being submitted for review.

Product Name	Level	Per Classroom Cost for Required Curriculum Components Referenced in the Evaluation Tool
