

## **Appendix B**

### **Example Item Types**

## Item Types Available in the IREAD-3 Assessments

### Multiple-Choice (MC) Interactions

Multiple-choice (MC) interactions require students to select a single option from a list of possible answer options. The number and orientation of answer options in a multiple-choice interaction are configurable. Answer options may appear vertically, horizontally, vertically stacked (in a specified number of columns), or horizontally stacked (in a specified number of rows).

---

**175**

**Choose the word that means the same, or about the same, as the underlined word.**

was sad

- Ⓐ angry
- Ⓑ careful
- Ⓒ excited
- Ⓓ unhappy

## Two-Part Multiple-Choice (MC) Interactions

Two-part multiple-choice (MC) interactions require students to select a single option from a list of possible answer options for each part of the item. The number and orientation of answer options in a multiple-choice interaction are configurable. Answer options usually appear vertically, with the first part followed by the second part.

**179**

**For each of the blanks, there is a list of words. Choose the word from each list that best completes the meaning of the story.**

Close the front \_\_\_\_\_ so the warm air stays inside the house.
