

School Nurse (RN) Resources in IDOE Moodle

To access these resources in Moodle, school nurses must create an account:

- To create a new account, click [here](#).
- To reset your password, click [here](#).
- For assistance, email Moodle Support at support@doe.in.gov.

Locating the School Nurse Section:

- Click [here](#), and log into Moodle by entering your username and password into the boxes located on the right side of the screen.
- Once you have logged in, scroll down near the bottom of the page to find “School Nurses”.
- Click on “School Nurses”.
- Links to “Online Courses” and “School Nurse Community” should appear:

[School Nurses](#)

[Online Courses](#) (7)

[School Nurse Community](#) (1)

- Click on “Online Courses” or “School Nurse Community” and pictures of the courses and the community will be visible.
- Click on the desired topic, enter the enrollment key, and begin taking a course or accessing the School Nurse Community to view the resources of websites and documents posted for school nurses.
