RE: 2022-2023 Formative Assessment Grant: Corporation and School Distributions
DATE: September 21, 2022

The State of Indiana provides \$11,711,344.00 as appropriated in HEA 1001 (2021) for “grants to public and accredited nonpublic schools through the department of education” to provide “formative tests to identify students who require remediation.” The Indiana State Budget Agency reduced this allocation for 2022-2023 to \$11,477,117.10 (a 2% reduction) in response to state reserve needs.

The Indiana Department of Education (IDOE) applied funding algorithms (previously approved by the Indiana State Board of Education and Indiana State Budget Agency) to the submitted 2022-2023 Formative Assessment Grant applications. The results of the distribution calculations for 2022-2023 are defined in Table 1. IDOE recommends these distributions to the Indiana State Board of Education for approval.

Table 1: 2022-2023 Formative Assessment Grant Funding Distributions
