

SCN Sparks

Tune in and Charge up this School Year

Join SCN on Wednesday, September 22 and Thursday, September 23 as we cover **10** important school nutrition topics in a two-day training. This is a brand new training structure. Here's how it'll work:

Join SCN **any** time for **any** of the below training topics! You can register for one day or both days and pop in for the topics you want to hear. Presenters will be covering their areas of speciality in a lightning talk style. A lightning talk is a very short presentation lasting only a few minutes. Lightning talks enable participants to hear about more topics in a short space of time.

Each training topic will last 12 minutes and the day will end with a question and answer session.

We hope to see you on this training with us!

Wednesday, September 22 - Registration

Time	Topic	SCN Presenter
10:00 - 10:12	Welcome / Agenda / Introductions
