- Vanderburgh County - Oak Hill Elementary School, Evansville Vanderburgh School Corporation
- Warren County - Pine Village Elementary School, MSD Warren County

IDOE and the Council for American Private Education each respectively nominate public and private schools for this honor. Fifteen of the 16 schools were recognized in the “Exemplary High-Performing Schools” category. This category honors schools with the highest graduation rates and the highest achieving students in English/language arts and mathematics as measured by state assessments. One school, St. Thomas More School in Munster, was nominated in the “Exemplary Achievement Gap Closing Schools” category. This category recognizes schools that go above and beyond in narrowing achievement gaps between various groups of students and the collective student body.

After being nominated, the schools then completed an application detailing their curriculum, culture, leadership and engagement, which was evaluated by the U.S. Department of Education.

These Indiana schools are among 356 schools across the country to earn this distinction in 2024.
