

A waiver form is completed by both local educational agency (LEA) and nonpublic school; LEA submits form to the Federal Grant Specialist.

Program Administrator contacts their Indiana Department of Education (IDOE) Federal Grants Specialist to amend public and nonpublic budgets in the Title I Application Center.

WAIVER OF A NONPUBLIC SCHOOL'S TITLE II, III, & IV SERVICES

A waiver form is completed by public and nonpublic office. It is submitted to an IDOE Federal Grant Specialist.

Does the LEA serve other nonpublic schools within that Title program?

No

Unspent money is returned to the LEA

Yes

Title allocations are redistributed by distributing released dollars among all remaining public and nonpublic students.

District reallocates nonpublic dollars among nonpublic schools and public schools.

Once form is approved, Program Administer submits an amendment.

Nonpublic School Voluntary Partial Waiver of Equitable Services Participation

Instructions: The LEA completes the form in consultation with a nonpublic school official. Use a separate form for each individual Partial Waiver. Multiple grants and schools waived on one form will not be approved. The district must transmit this completed form to their Federal Grant Specialist and Ombudsman for Equitable Services. After approval, the Indiana Department of Education (IDOE) specialist will return the form to the district for recordkeeping. Specialists will archive the form for auditing purposes.

General Provisions

A nonpublic school may elect whether or not to participate in Elementary and Secondary Education Act (ESEA) equitable services under applicable ESEA Title Programs.

Likewise, a nonpublic school may opt for partial participation in an ESEA Title Program by voluntarily waiving participation in a specified dollar amount of the nonpublic school's available equitable share for that Title Program. This waiver releases the specified dollar amount for redistribution back to the original school district allocation for the Title Program. However, if one or more other nonpublic schools participate in that Title Program, the redistributed funds are divided proportionally between the district and participating non-public school(s) per the usual proportioning method (Title I follows a separate process).

The nonpublic school's election to waive participation in a specified portion of its equitable share is due to the nonpublic school's voluntarily expressing a lack of educational need for funding in the specified amount, per ESEA section 8501(a)(4)(A) for equitable services under ESEA Title Programs other than Title I-A. For a partial waiver of participation in Title I-A funding, the nonpublic school is voluntarily expressing that it has received I-A funding and resulting services and benefits are equitable in comparison to those received by public school children per ESEA section 1117(a)(3)(A), and the waived portion of funding is unnecessary to achieve equity.

A partial waiver is specified for a designated school year's equitable services funding. Partial waiver for one school year does not imply a similar lack of educational need or accepted level of equity for a future school year. Any subsequent waiver must again be the voluntary act of the nonpublic school. The partial waiver will not be effective until verified and approved by IDOE's Title Grants and Supports Team and the Equitable Services Ombudsman.

Details of Partial Waiver of Participation

Table with 2 columns: School District, Nonpublic School. Rows include District name, Representative, and Phone.

For which school year's allocation is this partial waiver sought? School Year: 20__ - 20__ (i.e. SY 22-23 is FY23)

For which ESEA Title Program is the partial waiver sought? ESEA Title __ - Part __ (i.e. Title I-IV, Part A-B)

Identify the nonpublic school's original, total equitable share for the above-noted program and year: \$_____

Of the above-noted original total, identify the amount currently unobligated: \$_____

Of the above-noted amount currently unobligated, identify the exact amount for which the nonpublic school elects to waive participation and thereby release: \$_____

The nonpublic school's waiver of participation is made in reliance upon all statements appearing in this document.

Signature lines for District Superintendent, Nonpublic Superintendent, State Ombudsman, Grant Specialist, and Date Approved.
