Other Federal Programs - Covenant Christian High School (B469)

2000. SMP – areas identified requiring TA, CA?

Finding 9179: Areas were identified requiring technical assistance or corrective action during a review of the school's Special Milk Program.

Areas requiring technical assistance.

Technical Assistance:

Sponsor is charging too much for milk. I have instructed them to lower their milk prices for the following school year. Cost per carton is currently 10 cents, and they need to charge 9 cents per carton. This will change the price from 18 dollars per year to 16 dollars per year. They have been given the pricing sheet for the milk program as well for future program years. No further action is necessary.
