Commendations

- * The school nutrition records were prepared and organized for the review. Serving lines and salad bar looked very appealing. Staff was friendly and courteous to students.

General Program Compliance - Hauser Jr.-Sr. High School (0410)

1104. Foods sold to students – complete chart of locations, responsible entity.

Finding 9000: Snacks in vending machines do not meet smart snacks

There are vending machines outside the cafeteria area to do not meet smart snacks for grades 6-8. This is a junior/senior high school with mixed grades. The library was selling all kinds of non compliant snacks.

Corrective Action:

The superintendent must assure that the regulations for snacks are followed for all foods and beverages sold to students during the school day (midnight to 30 minutes after the school day ends).

Technical Assistance:

Smart Snacks were discussed with the superintendent and other administration staff at the exit conference by the State Agency reviewer. The handout for smart snacks beverage options was provided. The foodservice director provided the website for the smart snack calculator to the principals and stated if there were questions she should could assist.
