1007. On-site observation validate Off-Site Assessment Tool responses to Local School Wellness Policy questions?

Some of the information gathered on the Off-site Assessment Tool regarding the SFA's Local School Wellness Policy could not be validated during on-site observations. Discrepancies or deficiencies found on-site: Meals were given to students as rewards, and outside food, not meeting school nutrition standards, was brought in by students.

Corrective Action:

Corrective action required to address discrepancies or deficiencies in the SFA's Local School Wellness Policy identified from the Off-site Assessment Tool: The SFA is going to provide training to teachers, staff, and administrators. Additionally, a copy of the local wellness policy will be distributed to all parties. No further action is required.

Technical Assistance:

Technical assistance provided to address discrepancies or deficiencies in the SFA's Local School Wellness Policy identified from the Off-site Assessment Tool: Make certain that all policies and procedures are being implemented as specified in the local wellness policy.

1400. Food safety plan – contain required elements, copy available at each school?

Corrective Action:

The SFA was able to obtain a copy of their food safety plan, from a neighboring school using the same foodservice vendor, during the review. No further action is required.

Technical Assistance:

Each school is required to maintain a copy of the written food safety plan on site. Make sure that the plan is school-specific and includes all areas where food is served. You can include Standard Operating Procedures on how to properly implement the sharing table/bowl.
