General Program Compliance - Lake County Juvenile Center (K131)

1602. On-site observations validate Off-Site Assessment Tool responses to SFSP and SBP Outreach questions and responses demonstrate compliance with FNS requirements

Finding 9009: SFSP & SBP Outreach

Summer Food Service Program (SFSP) outreach to households was not conducted by the SFA. Although the SFA does not operate the SFSP, all program sponsors operating School Nutrition Programs must inform households of the availability of SFSP meals through other sponsors. The State Agency provides language through the Weekly Newsletter in early May for sponsors to use to meet this requirement.

Corrective Action:

The SFA agrees to conduct outreach at the end of each school year. The State Agency SFSP website is updated towards the end of May each school year with a link to a map of SFSP open sites. If the SFA agrees to send this information to households at or near the end of the school year, no additional response is required.

Technical Assistance:

Technical assistance provided to address discrepancies or deficiencies in the SFA's SFSP & SBP Outreach procedures.
