General Program Compliance - LaPorte Co. Juvenile (Z123)

1409. On-site or off-site storage violations were observed

Technical Assistance - Date Marking

Technical Assistance:

There needs to be consistent date marking of cans and other products once they have been removed from their original case or packaging. For example, once you remove cans from the case, transfer the received date to the top of the can. This is to ensure no foods are expired or that commodities are outdated.
