Commendations

- * The Food Service Director was organized and prepared for the Administrative Review. The food service staff were friendly and demonstrated the desire to run a compliant program. Kitchen surfaces, equipment, walk-in coolers, freezers, and storerooms were will maintained and clean.

Technical Assistance

- * The food safety plan should be reviewed every year with the Food Service Director signature and review date.
- * The size of the orange that was going to be used for lunch only counted 1/4 cup. The kitchen staff immediately pulled together and made the portion size to be 1/2 cup before service began. The food service director immediately sent an email to all cafeteria managers to increase the portion size.
- * The price of a second reimbursable meal should be more than the student reimbursable cost. It was determined that it would be \$3.80.
