Commendations

During this pandemic time, it should be stated that the food service staff has done a nice job continuing to manage the National School Lunch Program (NLSP). It is obvious that the kitchen staff works well together. The food service director was well organized and prepared for the administrative review.

Meal Components & Quantities - Sacred Heart School (A570)

402. *Day of Review- the minimum daily quantity requirements are met for the age/grade group being served*

Finding 9000: Technical Assistance

The vegetable requirement for grades k-8 is 3/4 cup. This school has offer verses serve. The staff automatically use 1/2 cup measuring devices and when there are two choices of vegetables offered the students know they can have both vegetables, one, or none. The menu only had one vegetable serving so the students needed to understand that they could have more of that choice to equal the 3/4 serving size.

Corrective Action:

There was a sign posted that said if you want additional potato gems to let the staff know. This practice will continue to be used when only one vegetable is menued. If this corrective action is implemented as discussed, no further action is necessary.

Technical Assistance:

Technical assistance was provided before meal service began. This was discussed with the cafeteria manager and food service staff.

General Program Compliance - Sacred Heart School (A570)

1407. *SFA written food safety plan is implemented*

Finding 9000: Technical Assistance

Food service staff were not wearing hair restraints.

Corrective Action:

Staff will start wearing some type of a hair restraint.

Technical Assistance:

Technical assistance was provided to the Cafeteria Manager and food service staff.

1410. *Location of the agricultural food components used*

Finding 9000: Technical Assistance

There were low sodium canned vegetables, and lite mayonnaise available to the students. Just a reminder to keep asking the vendors for more low sodium canned sauces, chicken and beef base, and gravy mixes.

Technical Assistance:

Technical assistance was provided during the on-site visit.
