No. of Sites / Reviewed: 5 / 2

Month of Review: December 2021

Commendations

- * During this pandemic time, it should be noted that the food service staff has done a nice job continuing to manage the NSLP. The Food Service Director was well organized and prepared for the administrative review.
High School: The kitchen workspaces and food storage areas were very clean and organized. The serving lines were eye appealing, very clean, and had several food choices for the students. It was obvious that the kitchen staff works well together and enjoy serving the students.

Technical Assistance

- * The high school does have a nice large colorful poster explaining what has to be taken for breakfast to make it a reimbursable meal, but the cashier had to send several students back to get juice or fruit. The poster is in the doorway before the serving line. This reviewer suggested to place a sign above the fruit/juice area reminding the students that they must choose at least one of these.

Meal Components & Quantities - South Dearborn High School (1179)

410. Review Period- planned menu quantities meet the meal pattern requirements

Finding 9000: The Legume Vegetable Subgroup was omitted on the deli/salad bar line

The production records for the month of review, December did not include the legume vegetable sub group for one week on the deli/salad bar line.

Corrective Action:

The cafeteria manager understands and stated that she will offer black beans or kidney beans on the salad bar weekly.

Technical Assistance:

Technical Assistance was provided on the day of review to the Cafeteria Manager and Food Service Director.

410. Review Period- planned menu quantities meet the meal pattern requirements

Finding 9000: The Red/Orange Vegetable Subgroup serving size for serving lines 1 and 2 was insufficient.

The portion size for the Red/Orange Sub Vegetable Group is 1.25 cups for the week. The production records reflected only 1 cup.

Corrective Action:

The cafeteria manager stated that she will menu the Red/Orange Vegetable Subgroup twice a week in order to meet the minimum requirement.

Technical Assistance:

Technical assistance was provided to the Cafeteria Manager and the Food Service Director on the day of review.

General Program Compliance - South Dearborn High School (1179)

1407. SFA written food safety plan is implemented

Finding 9000: The dish machine's gauge for the wash cycle was not operating.

The gauge on the dish machine was not showing the proper temperature. It was stuck on zero.

Corrective Action:

The Food Service Director and Assistant Superintendent stated that maintenance department would repair this soon.

Technical Assistance:

Technical assistance was provided.
