Principal  
(812) 522-3522

No. of Sites / Reviewed: 1 / 1  
Month of Review: December 2021

**Commendations**

- \* During this pandemic time, it should be noted that the food service staff has done a nice job continuing to manage the NSLP and SBP. It was obvious that the school and kitchen staff attended trainings which was reflected in this review. The school nutrition records were prepared and organized. The kitchen and storage areas were clean and well organized.

**Technical Assistance**

- \* Regarding the offering of 1% flavored milk. Currently USDA is allowing flexibility for 1% flavored milk to be offered until February 5, 2022, but this possibly could be extended through the end of the school year. This flexibility is separate from the ongoing regulation that two different varieties of milk must be offered unless there is an issue getting two varieties due to supply chain issues.

**No Findings during the Administrative or Site Review**
