Commendations

- * The staff was prepared for the administrative review. They demonstrated the desire to run a compliant program. The kitchen, storage area, and serving line were clean.

Technical Assistance

- * Acceptable hair restraints would include visors, ballcaps, hairnets or hair bonnets. Hairnets or hair bonnets with hair completely covered would be the best practice.
- * There was a food safety plan, but it should be reviewed yearly and signed and dated yearly to show that it is updated with current information and employees are trained on all elements.
