- \* The kitchen was very clean. The cafeteria manager (CM) and food service employee were friendly and courteous with the students. The menus were kid friendly and the CM looks for new items to place on the menu. The office staff and the CM were organized and prepared for the review.

**Technical Assistance**

- \* The cafeteria manager had a checklist for her food safety plan. It needs to be more detailed and contain additional topics on receiving, storing, cleaning equipment, just to mention a few things. The reviewer sent her a couple of templates for her to use to make these additions.
