Dear Steve Thalheimer,

Thank you for your recent renewal application for a 1003(g) School Improvement Grant under the ESEA. Congratulations, **Pierre Moran Middle School's** renewal application was accepted and SIG funds will continue for SY 2020-2021.

In accordance with your application and available funding, you are being awarded **\$130,201.00** for the 2020-2021 school year. Funds for this grant period are available from July 1, 2020 and must be expended by September 30, 2021.

Federal Program Title I	School Improvement Grant
Federal Agency	U.S. Department of Education
Pass Through Agency	Indiana Department of Education
CFDA Number	84.377A
Award Name	School Improvement Grants
Award Number	S377A140015

The Title I §1003(g) School Improvement Grant award must be used to supplement the level of funds that, in the absence of the Title I monies, would be made available from non-federal sources for the education of the students at this school. Improvement funds must be tracked separately from all other Title I Grants. Local fiscal agents are to place improvement funds in a Title I account assigned for school improvement (this funding number must not be the same number as is used for the Title I Basic grant award). Because these are school improvement funds, districts may not combine funds into one account, and the amount awarded to each school must be spent on improvement initiatives at that particular school.

We look forward to continuing our work with your team this school year. Please feel free to contact Dwayne Marshall at dmarshall2@doe.in.gov if you have any questions.

Sincerely,

Nathan Williamson

- Monitor and evaluate the actions a school has taken, as outlined in the approved SIG application, to recruit, select and provide oversight to external providers to ensure their quality
- Ensure that each Priority school that an LEA commits to serve receives all of the State and local funds it would receive in the absence of the school improvement funds and that those resources are aligned with the interventions
- Monitor and evaluate the actions schools have taken, as outlined in the approved SIG application, to sustain the reforms after the funding period ends and that it will provide technical assistance to schools on how they can sustain progress in the absence of SIG funding
