Reporting

An IFTA quarterly tax report reminder will be sent to all IFTA license holders before the due date. Reminders will be sent to the current email address on file. To update your email address contact us at (317) 615-7345 or indianamotorfuel@dor.in.gov. You can file your quarterly report quickly and easily by logging in to your Fuel Tax Account at motorcarrier.dor.in.gov/loginHome.html.

Failure to receive a reminder notice does not relieve you from reporting obligations. A quarterly tax report must be filed even if the license does not operate in a quarter.

Licensees who fail, neglect or refuse to file IFTA quarterly tax reports as required will be assessed taxes due plus penalties and interest. Assessments will be based on the best information available, including the licensee's past filing history. In the absence of adequate records, a standard of four miles per gallon will be used to determine fuel consumption and miles traveled. A \$300 civil penalty for each unfiled report will also be issued. The burden of proof to show that the assessment is incorrect falls on the licensee.

When a licensee fails to file a tax report, files a late tax report or fails to remit full payment of the tax due, they will be charged a penalty and interest. The penalty is the greater of \$50 or 10% of the net tax due to all member jurisdictions.

License Revocation

A license may be revoked for failure to comply with any of IFTA's state provisions, such as:

- Failure to file a quarterly tax report;
- Failure to remit all taxes due to all member jurisdictions; or
- Failure to pay and/or protest an audit assessment within the established time period.

DOR will notify the Indiana State Police and all member jurisdictions when a revocation has occurred or is released.

License Reinstatement

DOR may reinstate a revoked license after the licensee files all required reports, remits all outstanding liabilities and pays the \$25 license reinstatement fee. DOR may require a licensee to post a bond to satisfy potential liabilities in other IFTA jurisdictions.
