Indianapolis, IN 46204-2253

INFORMATION BULLETIN #12
INCOME TAX
FEBRUARY 2020
Effective Date: Upon Publication
(Replaces Income Tax Information Bulletin #12 dated October 2015)

SUBJECT: Corporate Income Tax Overview

REFERENCE: IC 6-2.3; IC 6-3-2; IC 6-3-3; IC 6-3-4; IC 6-3.1; IC 6-5.5-1-17; IC 27-1-18-2

DISCLAIMER: Information bulletins are intended to provide nontechnical assistance to the general public. Every attempt is made to provide information that is consistent with the appropriate statutes, rules, and court decisions. Any information or guidance not consistent with the law, regulations, or court decisions is not binding on either the department or the taxpayer. Therefore, the information provided herein should serve only as a foundation for further investigation and study of the current law and procedures related to the subject matter covered herein.

SUMMARY OF CHANGES

Other than technical, nonsubstantive changes, this bulletin has been changed to reflect that the due date for corporate income tax returns is now the fifteenth day of the fifth month following the end of the taxpayer's taxable year, to reflect the updated definition of "adjusted gross income" for corporations, to reflect that the rule for corporate tax rates for period when the rate changes is prorated across days in each taxable period as opposed to months, to reflect the clarification of the scope of activities subject to tax in Indiana, to reflect the shift to market-based sourcing for the apportionment of receipts from the provision of services, and to clarify that a petition is required to cease filing an Indiana combined return.

I. GENERAL STATEMENT

In general, a C corporation doing business in Indiana is subject to the adjusted gross income tax. However, a corporation defined as a taxpayer under IC 6-5.5-1-17 is not subject to the adjusted gross income tax.

II. S CORPORATIONS

A corporation is exempt from the corporate adjusted gross income tax if it is a corporation that is exempt from the federal income tax under Section 1363 of the Internal Revenue Code (IRC). However, the income of an S corporation that is subject to income tax under the IRC, such as excess net passive income and capital gains, will be subject to the Indiana corporate adjusted gross income tax.

The S corporation must comply with the requirements of IC 6-3-4-13 by withholding the amounts prescribed by the department at the time it pays or credits amounts to a nonresident shareholder as dividends or as a share of the corporation's undistributed taxable income. Failure to withhold and pay the amount required will subject the corporation to a 20% penalty of the tax required under IC 6-3-4-13 and IC 6-8.1-10-2.1(h).

A qualified S corporation is required to file an annual information return on Form IT-20S. The return is due on the 15th day of the 4th month following the close of its taxable year.

Beginning Jan. 1, 2008, an S corporation is required to file a composite adjusted gross income tax return on behalf of all its shareholders who are not residents of Indiana. The nonresident shareholders included in the composite return and with no Indiana source income other than from S corporations and partnerships will be relieved of the obligation to file an individual adjusted gross income tax return. The S corporation shall take credit for all withholding amounts attributed to nonresidents included in the composite return. Any overpayment or underpayment of tax shall be reconciled on Form IT-20S.

III. NONPROFIT ORGANIZATIONS

A nonprofit organization is subject to the adjusted gross income tax, unless the income is specifically exempted from taxation under the provisions of IC 6-3-2-2.8 and IC 6-3-2-3.1. A nonprofit organization will be subject to tax on income derived from an unrelated trade or business as defined in Section 513(a) of the Internal Revenue Code. Political organizations and homeowners organizations are not considered nonprofit organizations and therefore must file as regular corporations on Form IT-20, though certain political organizations using the same federal identification number as a non-profit may use the Form IT-20NP.

IV. INSURANCE COMPANIES

A foreign insurance company (one organized under the laws of a state other than Indiana) doing business in Indiana is required by IC 27-1-18-2 to pay the insurance premium tax to the department of insurance. Paying the premium tax exempts a foreign corporation from the adjusted gross income tax on its insurance business income. A domestic insurance company is exempt from the adjusted gross income tax if it elects to pay the premium tax. A captive insurer subject to tax under IC 27-1-2-2.3 is exempt from the adjusted gross income tax.

V. FINANCIAL INSTITUTIONS

Financial institutions are subject to a franchise tax under IC 6-5.5 at the following declining rates:

CY 2014	8.0%	CY 2019	6.25%
CY 2015	7.5%	CY 2020	6.0%
CY 2016	7.0%	CY 2021	5.5%
CY 2017	6.5%	CY 2022	5.0%
CY 2018	6.5%	After CY 2022	4.9%

The rate in effect for a taxable year is determined on the first day of the taxable year, even if the rate changes during a taxable year.

The franchise tax extends to both resident and nonresident financial institutions and to all other corporate entities when 80% of their gross income is derived from activities that encompass the business of a financial institution. The business of a financial institution is defined as activities authorized by the Federal Reserve Board; the making, acquiring, selling, or servicing of loans or extensions of credit; or operating a credit, debit card, or charge card business. Entities subject to this tax must file Form FIT-20. (For more information, see General Tax Information Bulletin #200.)

VI. UTILITY RECEIPTS TAX

The utility receipts tax is an income tax imposed on the gross receipts from the retail sale of utility services. The tax rate is 1.4% for taxable years beginning before January 1, 2021, and then is subject to annual adjustment. Utility services include electrical energy, natural gas, water, steam, sewage, and telecommunication services. Entities subject to the utility receipts tax also are subject to the corporate adjusted gross income tax unless the entity is exempt from the adjusted gross income tax under IC 6-3. (For further information concerning the utility receipts tax, see General Tax Information Bulletin #201.)

VII. CORPORATE ADJUSTED GROSS INCOME TAX

A. Decrease in Tax Rate

Beginning July 1, 2012, the adjusted gross income tax rate is being reduced. More specifically, the following rates apply during the periods listed below:

Before July 1, 2012	8.5%
After June 30, 2012, and before July 1, 2013	8.0%
After June 30, 2013, and before July 1, 2014	7.5%
After June 30, 2014, and before July 1, 2015	7.0%
After June 30, 2015, and before July 1, 2016	6.5%
After June 30, 2016, and before July 1, 2017	6.25%
After June 30, 2017, and before July 1, 2018	6.0%
After June 30, 2018, and before July 1, 2019	5.75%
After June 30, 2019, and before July 1, 2020	5.5%
After June 30, 2020, and before July 1, 2021	5.25%
After June 30, 2021	4.9%

B. How to Determine the Tax Rate for Tax Years with Different Tax Rates

Pursuant to IC 6-3-2-1(c), the following steps must be used to determine the tax rate if a taxpayer is subject to different tax rates for a taxable period:

STEP ONE: Multiply the tax rate in effect on June 30 of the taxable period by the number of days in the taxpayer's taxable period that occurred before July 1 of the taxable year.

STEP TWO: Multiply the tax rate in effect on July 1 of the taxable period by the number of days in the taxpayer's taxable period that occurred after June 30 of the taxable year.

STEP THREE: Add the amounts in STEP ONE and STEP TWO, and then divide the sum by the total number of days in the taxpayer's taxable year.

STEP FOUR: Round the rate determined under STEP THREE to the nearest 0.01%.

C. Computation of Indiana Adjusted Gross Income

Indiana adjusted gross income is computed by using net federal taxable income from the federal Form 1120 with the adjustments required by IC 6-3-1-3.5(b), (d), or (e), depending on the type of corporation. Though Indiana adjusted gross income includes deductions under IC 6-3-2, the

deductions allowable under IC 6-3-2 generally are NOT allowable in determining net operating losses.

D. Allocation of Nonbusiness Income

The nonbusiness income of a corporation is specifically allocated under IC 6-3-2-2(g) through (k). Nonbusiness income is only that income that is not considered business income. Business income is all income that is apportionable to the state under the Constitution of the United States. For further information concerning the classification of business and nonbusiness income, refer to the annual return, its filing instructions, and the department's regulations.

E. Apportionment of Business Income

A corporation, other than a domestic insurance company, that has business income from both within and outside Indiana must apportion its income by means of the single-factor receipts formula under IC 6-3-2-2. A domestic insurance company apportions its income based on Indiana premiums divided by premiums everywhere.

Receipts from the sale of goods are apportioned based on a single-factor sales approach. The sales factor is determined by dividing the taxpayer's total Indiana receipts by the taxpayer's total receipts everywhere. The numerator of the sales factor includes all sales made in Indiana and sales made from Indiana to the U.S. Government. Destination sales by an Indiana seller to a purchaser outside Indiana (other than the U.S. Government) will not be included in the numerator of the sales factor. For more information on the determination of Indiana source income, see IC 6-3-2-2 and IC 6-3-2-2.2. As used in this paragraph, the term everywhere does not include sales of a foreign corporation in a place that is outside the United States.

For tax years ending before January 1, 2019, receipts from the provision of services and most intangible personal property are apportioned to Indiana if the greater portion of the income-producing activity is performed in Indiana than in any other state, based on the cost of performance.

For tax years beginning after December 31, 2018, receipts from the provision of services and most intangible personal property, other than telecommunications and broadcast services, are apportioned based on the extent the market for those sales were in Indiana. (For more detail on how the market for receipts from the provision of services is determined, please see IC 6-3-2-2.)

F. Doing Business in Indiana

For Indiana adjusted gross income tax purposes, the term doing business generally means the operation of any business enterprise or activity in Indiana not precluded by the United States Constitution and/or federal law (e.g., P.L. 86-272), including but not limited to the following:

- Maintenance of an office, a warehouse, a construction site, or another place of business in Indiana.
- Maintenance of an inventory of merchandise or material for sale, distribution, or manufacture.
- The sale or distribution of merchandise to customers in Indiana directly from company-owned or -operated vehicles when the title of merchandise is transferred from the seller or distributor to the customer at the time of sale or distribution.
- The rendering of a service to customers in Indiana.
- The ownership, rental, or operation of business or property (real or personal) in Indiana.
- Acceptance of orders in Indiana with no right of approval or rejection in another state.
- Interstate transportation.
- Maintenance of a public utility.

VIII. FILING REQUIREMENTS

Annual tax returns (Form IT-20) are required under the Adjusted Gross Income Tax Act. The due date for the IT-20 return is the 15th day of the 5th month following the close of the taxable year.

The department accepts the federal extension of time application (Form 7004). Taxpayers do not need to contact the department prior to filing the annual return if the taxpayer requests a federal extension. A copy of the federal extension of time must be attached to the return when it is filed. Check the box “yes” in the header of the return indicating an extension of time to file has been granted. When a corporation does not need a federal extension of time and one is necessary for filing the state return, the corporation must submit a letter to the department requesting an extension of time to file prior to the due date of the annual return.

An extension of time granted under IC 6-8.1-6-1 waives the late payment penalty for the extension period on the balance of tax due provided 90% of the current year’s total tax liability is paid on or prior to the original due date and the balance of tax and interest due is paid on or before the extended due date. Interest on the balance of tax due must be included with the return when it is filed. Interest is computed from the original due date until the date of payment. In October of each year, the department establishes the interest rate for the next calendar year. See Departmental Notice #3 for interest rates.

IX. CONSOLIDATED REPORTING

The Adjusted Gross Income Tax Act provides for an election to file a consolidated return for a qualified affiliated group under IC 6-3-4-14. To file a consolidated return for adjusted gross income tax purposes, members included must meet the definition of an “affiliated group” as provided in IRC § 1504. The affiliated group may not include any corporation that does not have taxable income or loss derived from Indiana sources. If such an election is made for Indiana tax purposes, the department should be notified by attaching a statement to the return that indicates

those affiliated corporations electing to file a consolidated return. In addition, a worksheet must accompany the annual return supporting the consolidated adjusted gross income of the participating affiliates.

An election to file a consolidated return for Indiana purposes can be made by filing the consolidated return by the due date; if filed past the due date, a copy of the valid federal extension of time to file must be attached to the return. An election to file a consolidated return cannot be made on a retroactive basis. Once an affiliated group elects to file consolidated for Indiana purposes, the group must follow that election for all subsequent years of filing. If the group wishes to revoke the election in a subsequent tax year, the group must request written permission from the department's Tax Policy Division at least 90 days prior to the due date of the return. A request should be mailed to: Indiana Department of Revenue, Tax Policy Division, 100 North Senate Ave., Room N248, MS# 102, Indianapolis, Indiana 46204-2253.

X. SEPARATE ACCOUNTING

Indiana does not accept returns filed on a separate accounting basis without prior approval. If the apportionment provision does not fairly reflect the corporation's Indiana income, the corporation must petition the department's Tax Policy Division for permission to use an alternative method. A request should be mailed to: Indiana Department of Revenue, Tax Policy Division, 100 North Senate Ave., Room N248, MS# 102, Indianapolis, Indiana 46204-2253.

XI. COMBINED REPORTING

A taxpayer may petition the department for permission to file a combined income tax return for a tax year. However, the petition must be filed with the department on or before 30 days after the end of the tax year for which permission is sought. The petition should be sent to the Tax Policy Division, 100 North Senate Ave., Room N248, MS# 102, Indianapolis, IN 46204. A timely filed petition will be granted if combined reporting will more fairly reflect the unitary group's Indiana source income.

A unitary group that has petitioned and received permission from the department to file a combined return in Indiana may file one return for the unitary group, providing a schedule is attached showing the adjusted gross income tax due by member. In the alternative, the unitary group should file an Indiana return for each member doing business in Indiana. The taxpayer filing the combined return must petition the department within 30 days after the end of the tax year for permission to discontinue the filing of a combined return regardless of whether the combined return was filed pursuant to a prior petition.

XII. ACCOUNTING PERIOD

The accounting period for the adjusted gross income tax must be the same as the accounting period adopted for federal income tax purposes.

XIII. ACCOUNTING METHODS

The department requires use of the method of accounting used for federal income tax purposes.

XIV. ESTIMATED TAX REQUIREMENTS

A corporation whose estimated adjusted gross income tax liability exceeds \$2,500 for a taxable year must file quarterly estimated tax payments. The quarterly estimated tax payments are submitted with an appropriate Indiana voucher or by electronic funds transfer, depending on the amount of the payment due. The quarterly estimated payment must be equal to the lesser of 25% of the adjusted gross income tax liability for the taxable year, or the annualized income installment calculated by Section 6655(e) of the Internal Revenue Code as applied to the corporation's liability for adjusted gross income tax. A failure to make an estimated payment required to be made by electronic funds transfer will be considered as not being made prior to the due date for purposes of the penalty under IC 6-3-4-4.1.

XV. UNDERPAYMENT OF ESTIMATED TAX PENALTIES

To avoid the underpayment of estimated tax penalties, corporations are required to make quarterly payments equal to 20% of the final tax liability for the current year, or 25% of the corporation's liability for the previous tax year. A taxpayer may elect to use the annualized income installment calculation in the manner provided by Section 6655(e) of the Internal Revenue Code as applied to the corporation's adjusted gross income tax liability. The penalty on corporate adjusted gross income tax is assessed on the difference between the actual amount paid by the corporation for each quarter and 25% of the corporation's final adjusted gross income tax liability for the current year. For estimated payment dates, see Income Tax Information Bulletin #11.

XVI. TAX CREDITS

See Income Tax Information Bulletin #59 for a complete list of available credits.

[The remainder of this page is intentionally blank]

XVII. SUMMARY

A corporation operating in Indiana that is not certain of its tax status should promptly apply to the department for a determination of its status. Complete detailed information of the corporation's operation should be submitted. All correspondence concerning the matter should be addressed to the Indiana Department of Revenue, Tax Policy Division, 100 North Senate Ave., Room N248, MS# 102, Indianapolis, Indiana 46204-2253.

A corporation should ask for a determination of its tax status before commencing business in Indiana to avoid the possibility of costly penalties and interest charges for the delinquent filing of returns.
