

NOTICE OF DESIGNATION

The Indiana Department of Transportation (“INDOT”) issued a request for proposals on December 28, 2016 (the “RFP”), to design and build the I-65 Southeast Indiana Project (the “Project”) pursuant to a public-private agreement (“PPA”) under Indiana Code 8-15.7 (the “Act”). The Project involves added travel lanes and pavement replacement for both the northbound and southbound I-65 mainline lanes and shoulders, and bridge widening and/or rehabilitation to accommodate added travel lanes and extend the service life of said bridges, beginning just north of US 50 and ending just south of SR 58, as well as pavement resurfacing for both the northbound and southbound I-65 mainline lanes and shoulders beginning just north of SR 58 and ending just south of SR 46

After following the procedures required under the Act, INDOT has determined that E & B Paving, Inc. (“Selected Offeror”) should be designated under the Act as the entity to enter into the PPA to design and build the Project thereunder. On June 22, 2017, the Governor accepted the determination of INDOT and designated the Selected Offeror as the entity to enter into the PPA for the Project under the Act.

With the exception of parts of the Selected Offer that are confidential under I.C. 5-14-3, the Selected Offer and the PPA are available on the INDOT I-65 Southeast Indiana Project web page <http://www.in.gov/dot/div/contracts/65se/65SE.htm>. In addition, copies of project documents are available for review at the INDOT Central Office, Public/Private/Partnership Division, 100 North Senate Avenue, Room N642 Indianapolis, Indiana 46204; Phone (317) 233-8510 during normal business hours.
