MEMORANDUM

03-11

TO: District Directors
District Construction Engineers
Toll Road Operations Engineer
District Operations Engineers
District Area Engineers
District Project Engineers/Supervisors

FROM: Dennis A. Kuchler, Chief
Contracts and Construction Division

RE: New Specification Dealing with Demolition

At the standards meeting held on August 14, 2003, specifications dealing with demolition and renovation notification to IDEM was passed. These specifications were items nos. 42-4 & 42-6 and mainly affect the contractor's paperwork and fee costs associated with this kind of work. I have made copies of those specification changes and they are included in this memorandum for your information. Please note that at the bottom of the item sheet, it shows that these specification changes should be effective starting with October 2003 contracts.
