HOTO-1

Mr. Jason S. Wasson
Deputy Commissioner of Engineering and Asset Management
Indiana Department of Transportation
100 North Senate Avenue, Room N925
Indianapolis, IN 46204

Dear Mr. Wasson:

Thank you for your letter of February 24 requesting approval to use 3-section flashing yellow arrow (FYA) signal faces (that use the middle section to show both the FYA and the steady yellow arrow) statewide in Indiana on the State highway system. Your request is made under the provisions of Section 1A.10 of the 2009 edition of the Manual on Uniform Traffic Control Devices (MUTCD) and our Interim Approval Memorandum IA-17 dated August 12, 2014.

Your request is approved. Please maintain and periodically update a list of all locations where 3-section flashing yellow arrow (FYA) signal faces (that use the middle section to show both the FYA and the steady yellow arrow) are installed in Indiana. Your specific approval has been numbered "IA-17.9 – Three-Section Flashing Yellow Arrow Signal Faces – Indiana DOT." Please reference this number in any future correspondence.

Thank you for your interest in improving highway safety. If we can be of further assistance on this matter, please contact Mr. Bruce Friedman at bruce.friedman@dot.gov.

Sincerely yours,

Mark R. Kehrli
Director, Office of Transportation
Operations
