

Standard W-beam guardrail  
(6'-0 length post over structures  
may be used) where  
 $4'-11\frac{1}{4} < \text{cover} < 5'-1$

**NOTES:**

1. Grading requirements shown are for 5'-6 or larger structures, and three-sided structures on project constructed on new alignment for design speed of 70 mph rural divided highway.
2. Grading shown above is applicable for 25'-0 span nested guardrail also.
3. Grading requirements for 5'-6 or larger structures and three sided structures constructed on existing alignments at all design speeds are shown in standard Drawings E 601-GRET 06 through 09.
