

NOTES

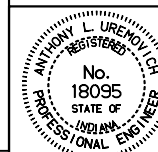

1. Worksite speed limit sign assemblies shall be placed on both sides of the roadway only where approaching the construction site with all lanes open to traffic traveling in the same direction.
2. Worksite speed limit sign assemblies shall be placed at 150 m beyond each crossroad or the last entrance ramp for each interchange, at 3 km intervals throughout the worksite, or adjacent to the existing permanent speed limit signs.

All dimensions are in mm unless otherwise specified.
