

720-R-646 CURB INLET CASTING

(Revised 05-02-19)

The Standard Specifications are revised as follows:

SECTION 910, AFTER LINE 409, INSERT AS FOLLOWS:

*Where a 6 in. curb height is specified, a monolithic frame and curb box may be used in place of one with modular components, provided the monolithic casting's dimensions match those shown on the plans.*
