

108-C-127 EARLIEST DATE TO BEGIN WORK

(Revised 05-01-25)

The Standard Specifications are revised as follows:

SECTION 108, AFTER LINE 563, INSERT AS FOLLOWS:

(e) Earliest Date to Begin Work

The earliest date to begin work will be as agreed upon by the Contractor and the Engineer. Such date shall not be earlier than the date shown on the Proposal page.

Preliminary field work, such as the placement of construction signs, staking, or verifying cross sections necessary to obtain information to initiate procurement of materials with lengthy delivery schedules, will not constitute work warranting time charges.

Requests for extensions to completion dates or intermediate completion dates due to delay in issuance of the notice to proceed beyond 30 days after the letting will not be considered unless the notice to proceed is issued less than 14 calendar days prior to the earliest date to begin work stated in the contract on the Proposal page.
