

About i-Ready

- i-Ready is a diagnostic assessment administered to grades K-8 at the beginning, middle, and end of each school year.
- Students engage in i-Ready lessons every week that are customized to meet their specific learning needs.
- Teachers use i-Ready data to group students for targeted interventions throughout the school year
- **Typical Growth:** The average growth of students at each grade and placement level. Typical Growth allows you to see how a student is growing compared to average student growth at the same grade and placement level. Students should aim to exceed 100% of their Typical Growth measure.
- **Stretch Growth:** The growth recommended to put students who placed below grade level on a path toward proficiency and students who placed on grade level on a path to advanced proficiency levels. Students should aim to meet their Stretch Growth measure. Nationally, between 25% - 35% of students achieve Stretch Growth.

i-Ready 2022-23 Reading

Reading Overall Placement
BOY to EOY

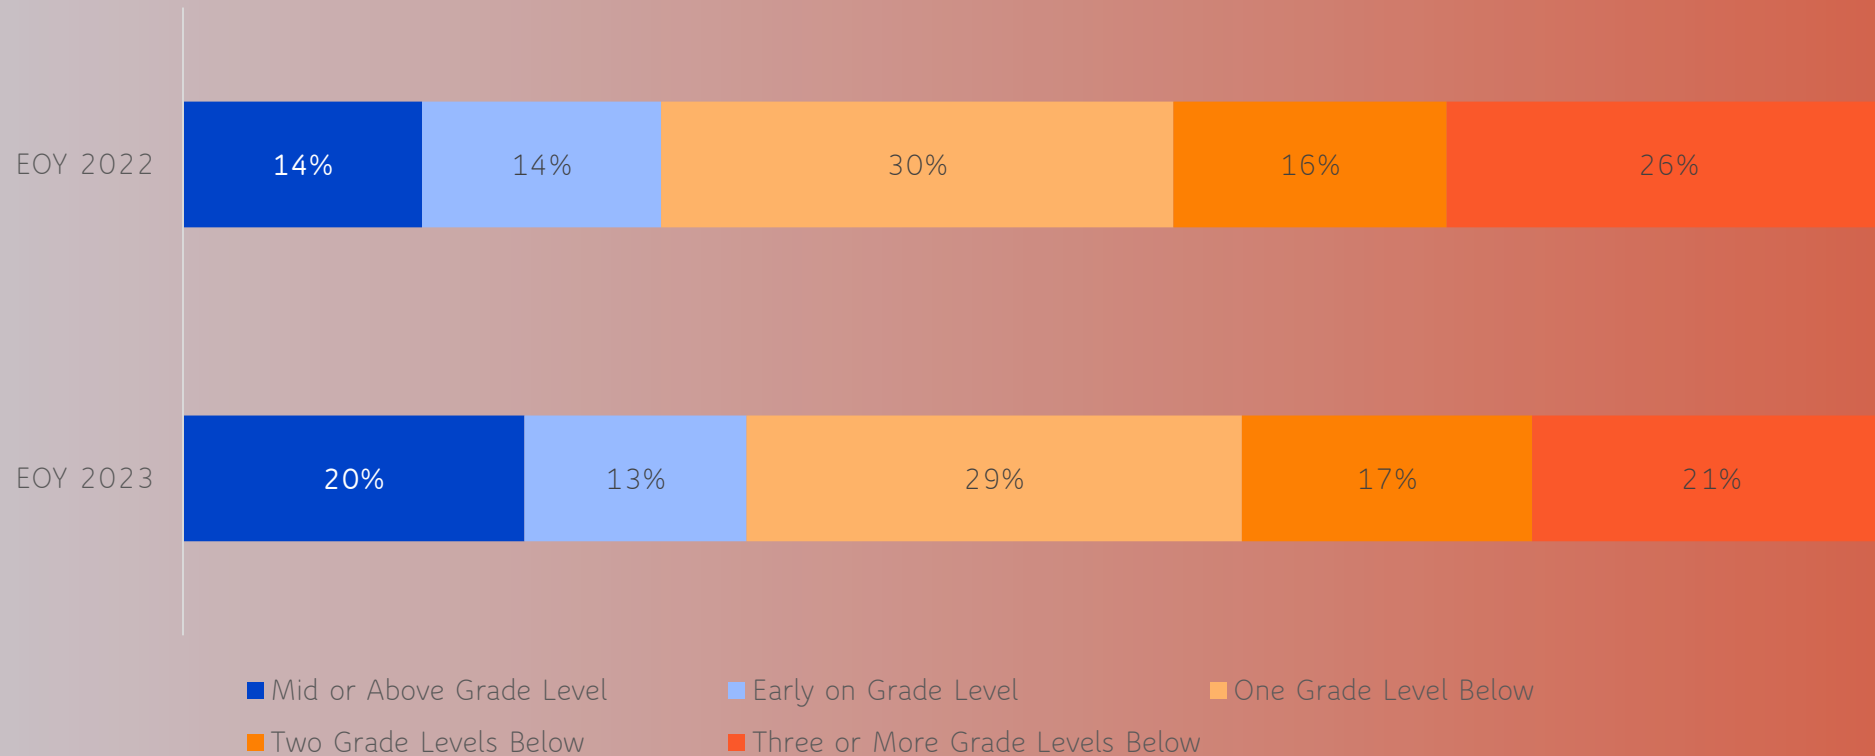

- The median % progress toward Typical Growth for GCSC students was **105%**
- Districtwide, **52%** of students met their Typical Growth goals
