Free FICO® Score and Credit Analysis Tool

Your credit score has a big impact on your financial well-being.
It tells creditors how likely you are to pay back the money you want to borrow. The lower your credit score, the riskier you appear to lenders, and the more you will likely pay for loans, credit cards and insurance premiums. Credit scores are also used more and more by potential employers, landlords, utility companies and others. If your credit score looks bad, you look bad.

What you don’t know can hurt you.
The FINRA Investor Education Foundation is pleased to make FICO® Scores—and ad-free information and tools in the FICO Standard product—available free of charge to active duty service members and their spouses through SaveAndInvest.org.

With the myFICO® tool, you can:
▷ See your credit score at-a-glance
▷ Visualize what’s hurting — and helping — your score
▷ Simulate how different actions will raise or lower your score
▷ Develop an action plan to put you on the road to a higher FICO score

Small actions can lead to big changes.
The FINRA Foundation’s myFICO® tool is designed to furnish one initial report per service member or spouse, and one follow-up report 90-120 days later.
