Dear Sir:

We sincerely regret to inform you of a layoff which will affect employment at Community Westview Hospital, which is a part of Community Health Network. The address of this facility is 3630 Guion Road; Indianapolis, IN 46222. This layoff is a result of the Network's decision to cease its operations at the Guion Road facility, which will result in closure of the entire Hospital. It is unclear exactly when each employee will be released from service. It is anticipated that closure will occur during the period from December 13, 2016 through December 31, 2016. Employees may be released on an unscheduled basis during that time frame. This action is expected to be permanent.

This notice is given pursuant to the Worker Adjustment and Retraining Notification Act, P.L. 100-379, 102 Stat. 890, 29 U.S.C. § 2101, et seq. This layoff may constitute a "plant closing" or a "mass layoff" as those terms are defined in that Act.

The Hospital does not have provisions for "bumping rights" at this location. There is no union representation at this Plant. This action will affect 187 employees, although some may obtain positions at other locations within the Network. Other information listed at 29 C.F.R. § 639.7(e) will be maintained on site and will be made readily accessible to you upon request.

Please contact Karen Ann Lloyd, Executive Vice President and General Counsel, Community Health Network, 7330 Shadeland Station, Indianapolis, IN 46256, 317-355-5831, if you wish to obtain further information concerning this situation.

Yours truly,

Karen Ann Lloyd
