RE: Notice of Mass Layoff

This notice is being provided to you pursuant to the Worker Adjustment and Training Notification Act of 1988, which requires employers to give official notice to certain government units or officials of a pending mass layoff.

CSP has received notice from one of our customers that their requirements will be idled for 3 months. The company carefully analyzed this situation and its available options, and it is with regret that I must report to you that the company has decided to substantially reduce its operations at the Huntington Plant. As a result, we anticipate that we will temporarily lay off approximately 164 employees, beginning July 31, 2017.

All affected employee have been notified.
