Mayor  
Office of the Mayor  
2501 City-County Building  
200 E. Washington Street  
Indianapolis, IN 46204

**Re: WARN Notice -- Update**

Dear Ms. Long and Mayor Hogsett:

By letter dated January 6, 2017 (*copy attached*), the Company provided each of you with Notice under the federal Worker Adjustment and Retraining Notification Act ("WARN"), 29 U.S.C. § 2101, *et seq.*, of the anticipated separations from employment of the field-based employees (14 out of the 485 being Indiana-based) in the Integrated Health Partners / Cardiovascular Account Specialists organization within Lilly's U.S. Bio-Medicines Business Unit. That planned action arose from the unfavorable results of the Solanezumab Phase 3 Clinical Trial.

This letter is an *Update* to that WARN Notice and is Notice to each of you of the anticipated separation of five Marketing / Sales Support employees who provided direct support for the commercialization of solanezumab -- to the extent that the elimination of such direct support positions may be deemed to be part of the "plant closing" previously referenced. The separations are expected to occur on April 28, 2017.

The five affected employees are each Indianapolis-based, either at the Lilly Corporate Center (639 South Delaware Street, Indianapolis, IN 46285) or at the Lilly Technology Center - South (1400 S. Raymond Street, Indianapolis, IN 46221).

If you have any questions or if you need any further information, please contact me at 317-433-3127 or at [muller\\_raymond@lilly.com](mailto:muller_raymond@lilly.com).

Sincerely,

Raymond Muller  
Sr. Director, HR Workforce Services
