The purpose of the English Literacy – Civics Education (EL/Civics) grant is to provide English Language Acquisition and Integrated English Literacy and Civics Education programming to adult English Language Learners.

English Language Acquisition (ELA) is defined as:

A program of instruction designed to help eligible individuals who are English language learners achieve competence in reading, writing, speaking, and comprehension of the English language; and that leads to attainment of a secondary school diploma or its recognized equivalent; and transition to postsecondary education and training or employment. (Pub. L. 113-128, Title II, Sec. 203(6)).

Integrated English Literacy and Civics Education (IELCE) is defined as:

Education services provided to English language learners who are adults, including professionals with degrees and credentials in their native countries that enables such adults to achieve competency in the English language and acquire the basic and more advanced skills needed to function effectively as parents, workers, and citizens in the United States. Such services shall include instruction in literacy and English language acquisition and instruction on the rights and responsibilities of citizenship and civic participation, and may include workforce training. (Pub. L. 113-128, Title II, Sec. 203(12)).

To support delivery of these services, DWD announces the availability of the continuation of federal funds to support the provision of the services discussed above for the period of July 1, 2016 to June 30, 2017. Indiana’s estimated Adult Education and Family Literacy Federal Award amount for Program Year (PY) 2016-17 is $533,791. 82.5% of which will be granted out to eligible providers of Adult Education and Literacy activities and EL/Civics providers. This federal AEFLA award makes up 100% of all Indiana EL/Civics funding. Indiana does not utilize non-governmental funding for the delivery of EL/Civics programming in the state.

Only fiscal agents that received funding for the current program year (July 1, 2015 to June 30, 2016) are eligible to apply for continuation of funds. Applying agencies should review DWD Adult Education policies in advance of submitting their grant applications. Adult Education Policies can be found at http://www.in.gov/dwd/2910.htm.

Each quarter DWD Adult Education will request reports from applying agencies against the information submitted in this application. Information gathered from the quarterly report will be used for the sharing of best practices among EL/Civics providers statewide, for the delivery of technical assistance to grantees and their sub-grantees, and to inform annual provider monitoring.

This guidance document lists and provides instructions on completing all required continuation application materials. The guidance is divided as follows:

I: Fiscal Overview

I. Fiscal Overview

Allocation

DWD has estimated the allocation of the Workforce Innovation and Opportunity Act (WIOA) Title II funds for EL/Civics activities to each region based on a funding formula that accounts for English as a Second Language (ESL) enrollment, regional need, and performance.

Table 1 below shows the variables, description, and formula weight. See Appendix A – EL Civics Funding Formula and Allocation for each region’s estimated allocation.

Maintenance of Effort

For the State to achieve and maintain the necessary non-federal expenditure on an equitable basis, DWD, via the grant continuation process requires each region to document local maintenance of effort (MOE) against federal funds. MOE can include the following types of resources:

- Any non-federal or non-state funds that are used to provide EL/Civics. This does not include costs related to high school equivalency testing services.
- In-kind contributions to the EL/Civics program such as facility/office space costs, utilities, custodial services, copying and printing costs, phones and other technology costs.
- Cost of staff time, including unpaid volunteers, spent on EL/Civics related services paid from other non-federal funds. These costs may be pro-rated by percentage of time used to provide EL/Civics program related services.

MOE expenditures must be documented, and that documentation must be kept with the fiscal records of the grantee or sub-grantee for the purposes of an audit.

Procurement and Reimbursement Processes

All procurement must follow DWD procurement guidance issued in DWD Policy 2013-05 Adult Education Funding policy and DWD Policy 2015-02 Property Management/Surplus Property policy. Fiscal agents may submit requests for reimbursement against the budget form for actual expenditures once a month. Fiscal agents must submit a request for reimbursement every quarter.
at a minimum. Each reimbursement request must be submitted with a line item spending report corresponding to the amounts being requested for reimbursement. DWD will post reimbursement request and spending report forms on the Adult Education Program Management website: http://www.in.gov/dwd/2909.htm.

Audit Responsibilities
Fiscal agents that receive $750,000 or more in federal funds are required to have an outside entity conduct an A-133 audit on an annual basis. An A-133 audit examines compliance with the regulations governing the use of federal funds by grant sub-recipients of federal funds. Agencies who do not receive $750,000 or more in federal funds are not subject to the specific A-133 audit. Fiscal agents must submit either the most recent A-133 or an annual audit electronically with the grant continuation documents. All agencies should maintain audit records on file.

II. Performance Metrics

At the federal level, the National Reporting System (NRS) defines measures of student outcomes that include literacy gains, improved English proficiency, and attainment of postsecondary credential and student advancement to further education or employment. The federal Office of Career, Technical, and Adult Education (OCTAE) requires that DWD set state targets for these measures and report performance on them annually.

**Form 3 - Consortium Performance Measures Worksheet**

To ensure Indiana meets its OCTAE targets, DWD requires each consortium to establish regional and targets for the measures which are summarized in Form 3. State performance targets have been provided in to assist consortia in setting regional targets.

**Form 6 – Provider Performance Measures Worksheet**

Additionally, DWD requires each EL/Civics provider in the consortium to propose targets for measures found in Form 6. These measures support Indiana AE in reaching 5 year performance goals and in transitioning to WIOA Common Measures. State and Regional performance targets for these measures can be found in **Appendix F - State and Regional Performance Targets PY16** and must be used in setting provider-level targets.

This data will be tracked in the InTERS system and will be used as measures in the risk analysis conducted to determine the need for technical assistance and monitoring.

**NOTE:** DWD may request new and/or revised targets from applicants once final definitions and guidance on WIOA common measures are available.
