A. About the Organization

Center of Workforce Innovations (CWI) a 501(c)(3) is a multi-faceted organization serving as an intermediary to convene community and industry groups to facilitate solutions, provide data and labor market information, offer information about resources, and seed best practices that assist in formulating solutions.

CWI also directly delivers services such as career advising, provides credit recovery programming, and has community learning centers for adult education services. Finally, CWI provides programmatic and fiscal oversight for sub-recipients of adult education providers and youth oriented workforce providers, and for the American Job Centers, known as WorkOne in Indiana in Jasper, Lake, La Porte, Newton, Porter, Pulaski, and Starke Counties.

Since July of 2006, CWI has served as executive staff to the Northwest Indiana Workforce Board, the One Stop Operator, and Fiscal Agent for Region I. In this role, CWI has enthusiastically embraced the goals of both the Northwest Indiana Workforce Board (NWIWB) and Indiana’s Department of Workforce Development (DWD). CWI has responded to the NWIWB goals of meeting employer demand for a skilled workforce. We have worked collaboratively with the NWIWB to connect the dots of economic development, education, employers, and job seekers all across the region. With the launch of READY NWI we worked specifically to increase the number of NWI Hoosiers who have a degree or credential and are helping thousands of students connect directly with careers that are high demand.

Our breadth of experience, significant number of achievements and accomplishments, and numerous partners are just a few of our assets. Our guiding principles of treating each person as most important and following through with all commitments is the driving force behind the services we intend to deliver to the NWIWB.
