RE: WARN Notice

Dear Sir or Madam:

The purpose of this notice is to comply with any and all notice obligations that may be required under the Worker Adjustment Retraining and Notification Act (WARN) regarding the reductions of operations, closure and permanent layoff of employees by Saran Industries.

Saran will close down its manufacturing plant located at 820 Post Road, Indianapolis, IN 46239. This closure is currently expected to be permanent. The reduction in operations will result permanent layoff and termination of approximately 110 employees at this facility, although some may obtain positions at other Saran locations. It is unclear exactly when each employee will be released from service. It is anticipated that closure will occur on or before June 30, 2017. Employees may be released on an unscheduled basis during that time frame. No bumping rights exists which could affect those to be laid off. Other information listed at 29 C.F.R. 639.7(e) will be maintained on site and will be made readily accessible to you upon request.

Please contact Mel Rachal, President and COO, Saran Industries, 820 Post Road, Indianapolis, IN 46239, 317-897-2170 ext. 209, if you wish to obtain further information concerning this situation.

Sincerely, 

Mel Rachal
President & COO
Saran Industries
