Re: Notification of Facility Closing

Dear Sir or Madam:

I am writing to inform the Department of Workforce Development that as of May 2, 2012, Exopack LLC will begin to close its entire facility located at 2200 D Avenue East, Seymour, Indiana. As a result of this action, 111 employees at this facility will be terminated from employment no later than July 1, 2012. These separations from employment are expected to be permanent, and no employee bumping rights apply.

We regret the business circumstances that have made this decision necessary. We are interested in working with the Department to make available any transition services offered. If you have any questions regarding this notice, please contact Mr. Curtis Kaiser, HR Manager – Seymour at his office phone number 812-522-6868 ext. 133. This notification is intended to comply with the requirements of the federal Worker Adjustment and Retraining Notification Act.

Sincerely,

Exopack

Kevin Constantine
Vice President Operations
Consumer Pet Food & Specialty Packaging

cc: Mayor Craig Luedeman, City of Seymour
