RE: Notice of Pending Workforce Reduction

We are providing this notice pursuant to the Federal Worker Adjustment and Retraining Notification (WARN) Act of 1988, which requires employers to give official notice to certain state and local government units or officials of pending mass layoffs. Although IU Health North Hospital does not admit, by providing this notice, that Federal WARN Act notice requirements apply to this particular employment action, we are providing this notice, as well as individual notices of pending termination of employment to the affected employees, in an abundance of caution.

Earlier this year, Indiana University Health North Hospital, 11700 N. Meridian Street Carmel, IN 46032, determined that in order to meet the needs of our patients and to align with changes in the health care delivery system, we must reduce staffing.

In total, we anticipate that beginning December 1, 2013 and ending no later than December 11, 2013, we will permanently lay off approximately sixty-seven (67)

employees. The affected employees will not have “bumping rights” into positions that are not being eliminated. None of these employees is a member of a collective bargaining unit.

IU Health North Hospital intends to offer severance benefits and transition programs (including outplacement services) to affected employees. It is our hope that these programs will lessen the impact of the layoff on individual employees and on the community as a whole. Should you have any questions, please contact me at (317) 688-2074 or by email at athompson3@iuhealth.org. Alternatively, you may contact Tim O’Connell, Manager of Human Resources at (317) 688-2062 or by email at toconnell@iuhealth.org.

Sincerely,
