(317) 234-8400

Dear Jennifer:

This letter is to notify you, pursuant to any possible requirement that might exist under the Worker Adjustment Retraining and Notification ("WARN") Act that Northrop Grumman Technical Services, Inc. (the "Company") will permanently terminate the employment of certain employees who work at, or report to, the MCTSP program at 647 Gatling Street, Edinburgh, IN 46124 (the "Facility").

The MCTSP contract under which the Company provides support to the Army National Guard expired April 30, 2015. The Company has recently been provided an additional extension to the contract to June 29, 2015. If the contract is not further extended, all employees will be laid off. Specifically, we anticipate that approximately 49 employees on the MCTSP program will experience a permanent employment loss beginning on or about June 29 to July 13, 2015. The Company does not recognize "bumping rights" that would allow an employee to displace another employee based on seniority.

The information contained in this letter is based on the best information available to the Company at this time. Should you have any questions concerning this notification or this organizational restructuring, please contact me at the below-listed telephone number. Media inquiries should be directed to Michelle Bohlen at (443) 558-5067.

Sincerely,

Derek Stidham
Program Manager
