None

**Contents**

To promote the handling of claims, Indiana Code § 22-4-17-8.5 allows for telephone hearings. This Indiana Department of Workforce Development (IDWD) policy explains the process.

1. A telephone hearing may be conducted at the initiation of either an administrative law judge or the Unemployment Insurance Review Board or upon the request of an interested party.
2. An administrative law judge or the Unemployment Insurance Review Board may initiate and conduct a telephone hearing under IC § 22-4-17-8.5.
3. The procedure for a telephone hearing requested by an interested party will be as follows:
  - a. Any party to an appeal may request a telephone hearing by submitting, in writing, the reason(s) for the request to the administrative law judge or the Unemployment Insurance Review Board. The request must be received by the administrative law judge or the Unemployment Insurance Review Board three (3) days before the scheduled in-person hearing.
  - b. After mailing a notice of a telephone hearing request, the claimant or employer has five (5) business days in which to file a written objection to the telephone hearing. Any interested party may object to a request for a telephone hearing.

4. An administrative law judge or the Unemployment Insurance Review Board will have discretion to grant or deny requests for telephone hearings under IC § 22-4-17-8.5, and will immediately notify the interested parties of the decision.
5. The notice of a telephone hearing will contain the following:
  - a. that parties have the right to object to a telephone hearing;
  - b. the circumstances under which the telephone hearing will be conducted;
  - c. instructions as to how the telephone hearing will be conducted; and
  - d. other rights of the parties.
6. A witness for a telephone hearing must be present at the location of the party participating by telephone as indicated in the hearing notice or request for telephone hearing. Witnesses may be conference called by the party for whom they are appearing or, with permission of the administrative law judge or Unemployment Insurance Review Board, the administrative law judge or Unemployment Insurance Review Board may provide conference services. The administrative law judge or Unemployment Insurance Review Board will permit any party a reasonable opportunity to question any witness testifying via telephone for the purpose of verifying the identity of that witness. Telephone hearings will be subject to the general rules and regulations governing in-person hearings. In order for documentary evidence to be included in the record in a telephone hearing, it must have been delivered to the administrative law judge, Unemployment Insurance Review Board, or other interested party at least five (5) business days prior to the telephone hearing, unless the administrative law judge or Unemployment Insurance Review Board waives the time requirement.
7. An administrative law judge or the Unemployment Insurance Review Board has discretion to modify or waive these requirements in the interests of judicial economy and fairness to all parties.
