

Certified Scrum Master Certification (CSM)

Certification website: [Agile and Scrum Training & Certification - Scrum Alliance](#)

Credential Summary

Scrum helps people and teams deliver value incrementally in a collaborative manner to solve complex problems. The Scrum Master on a scrum team fosters an effective and productive working environment by guiding others to understand scrum values and practices. CSMs coach and mentor members of the Scrum Team and others in the organization. Scrum Masters are accountable for helping their teams succeed, and that often means offering them assistance in groups or on a one-on-one basis. They may facilitate exercises, give guidance or help people come to conclusions on their own.
