Re: Announcement of Planned Action - Amended

To Whom It May Concern:

As previously communicated, BorgWarner PDS (USA) Inc. and BorgWarner Propulsion II LLC (“BorgWarner”) are conducting a mass layoff at the BorgWarner Kokomo Morgan Street facility located at 1501 County Road East 200 North in Kokomo, Indiana, which began on October 22, 2023. This mass layoff is expected to be permanent.

Affected employees are continuously being notified of their anticipated separation dates and that their separation from employment will be permanent. The first separations occurred on October 22, 2023. The next group of separations is anticipated to occur through mid-2024.

Attached is an updated list of the job positions and number of individuals who will be affected by the mass layoff, along with the updated anticipated schedule for job losses.

There will not be any bumping rights for the affected employees, that is, employees will not be able to displace more junior employees out of their job positions as a result of this mass layoff. There is no union representing impacted employees.

This information is based upon the best information available.

If you have any questions or want additional information concerning this matter, please contact Leticia Rabiela, HR Director, at (956) 890-4521.

Sincerely,

A handwritten signature in black ink, appearing to be 'LR', written in a cursive style.

Leticia Rabiela
Human Resources Director, BorgWarner
