RE: Notice of Plant Closing of RESRG Automotive Evansville, Indiana Plant

Dear Director:

RESRG Automotive has made the difficult decision to permanently close its plant located at 601 N Congress Ave., Evansville, IN 47546 (the "Plant").

This action is expected to result in the permanent elimination of all 266 positions at the Plant, which consist of 212 hourly positions and 54 salaried positions. We anticipate that the Plant will be permanently closed effective December 31, 2026. The closure will be carried out in five phases, which will be implemented on June 6-19, 2026, July 1-14, 2026, August 1-14, 2026, October 1-14, 2026 and December 18-31, 2026. The job titles and number of employees in each job title that will be impacted in each phase are identified in the attached list.

The affected employees are not represented by a labor union and do not have bumping rights. RESRG Automotive will work closely with the affected employees to minimize the impact of this business decision, and all affected employees will be offered the opportunity to seek employment at other RESRG Automotive facilities.

The name and telephone number of the Company's representative who should be contacted for further information is Kenny Eberhardt, Human Resources Manager at (812) 631-8117.

Sincerely,

A handwritten signature in blue ink, appearing to read "Peter Westrick", with a long horizontal line extending to the right.

Peter Westrick  
Plant Manager
